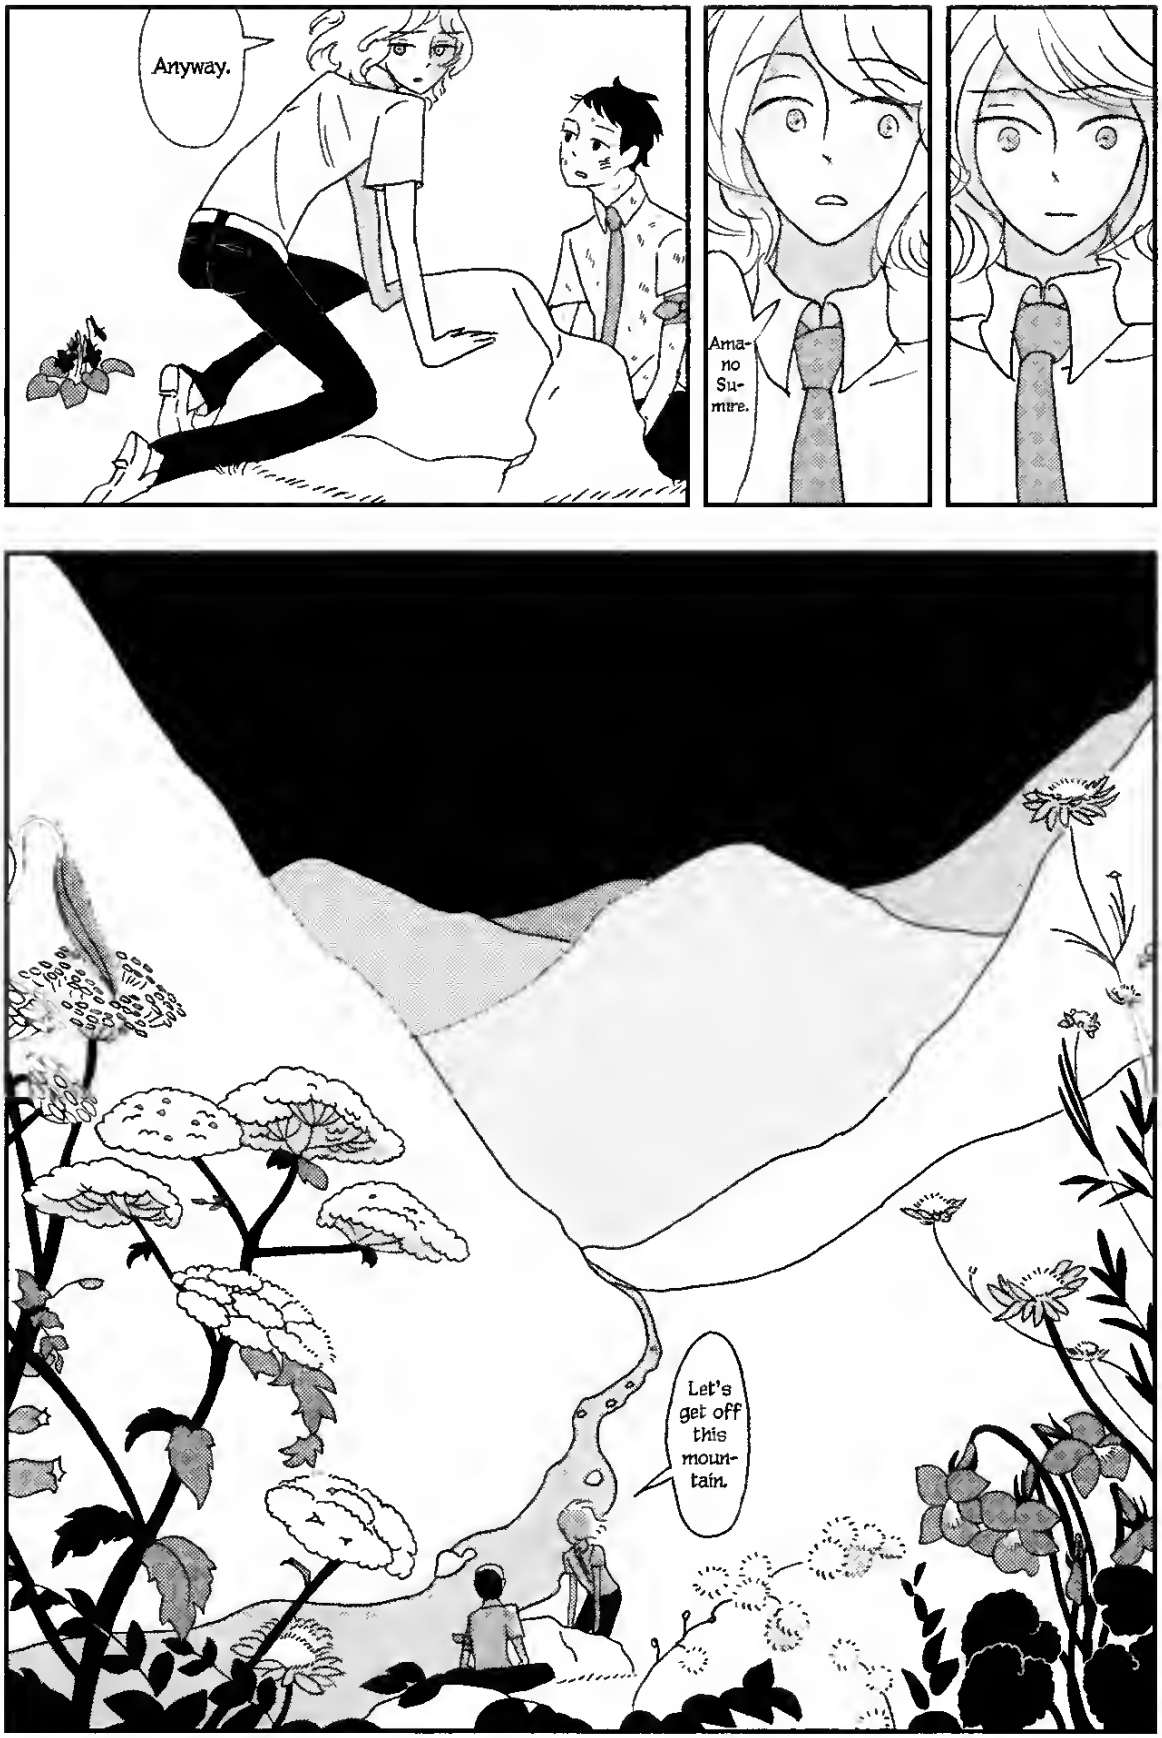
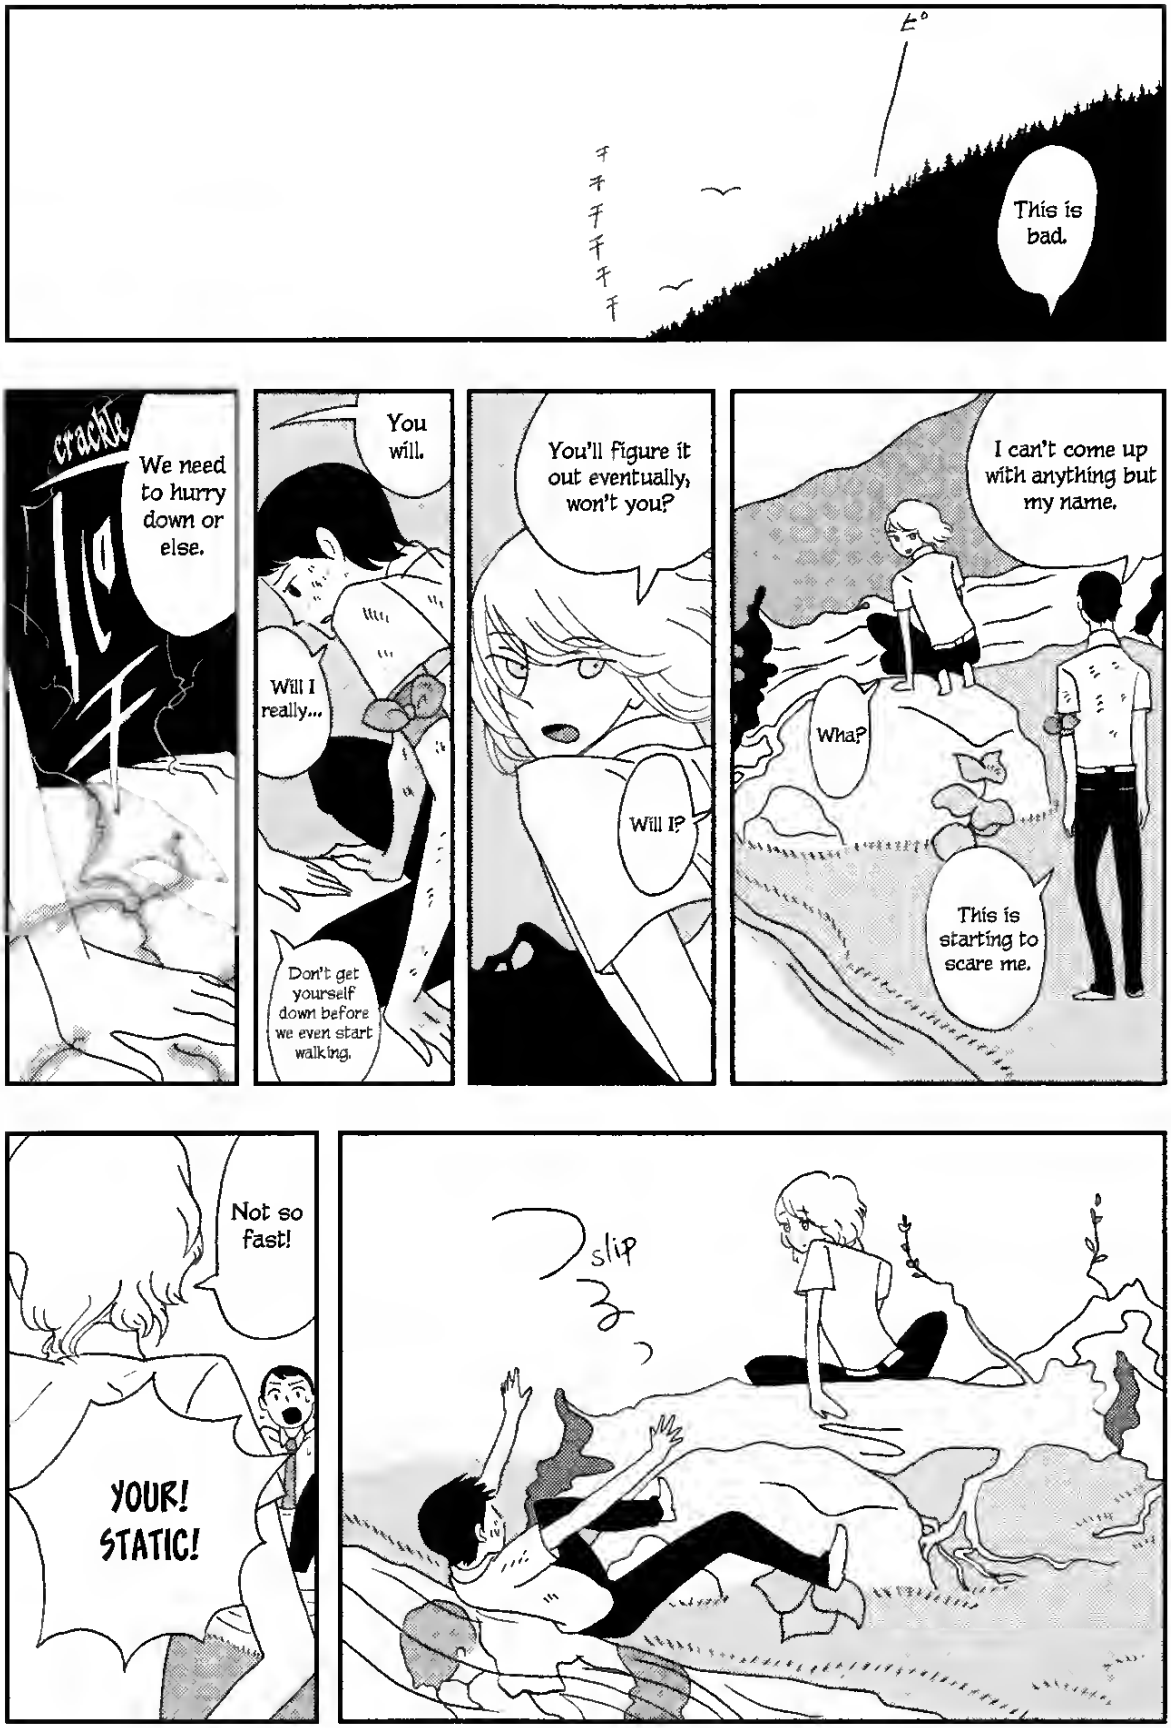
went down.
The plane

The plane went down.
You've gotta be kidding.
Why?
Wait, plane?
Yes.
fell?
The plane
I'm Oowa Mirai, probably.
What about you?
Oh I-
Ugh!
Yowch, that was hot.
Zap



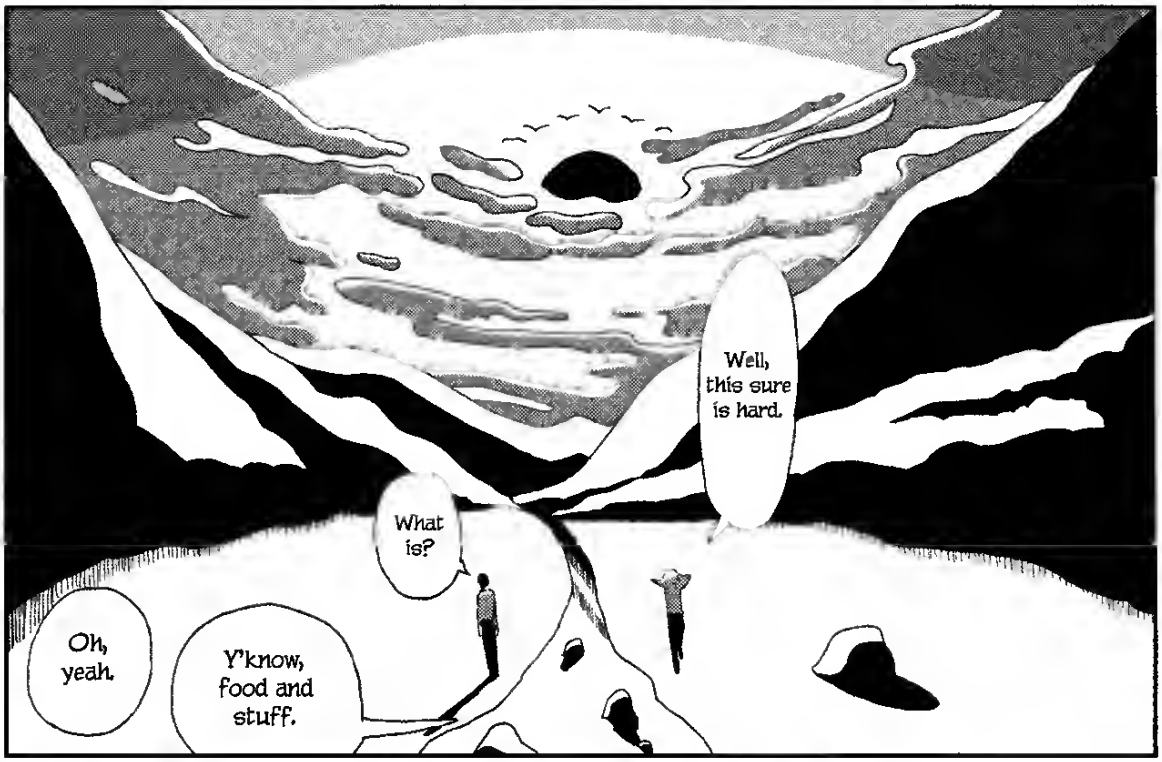
Anyway.
Amano Sumire.
Let's get off this mountain.



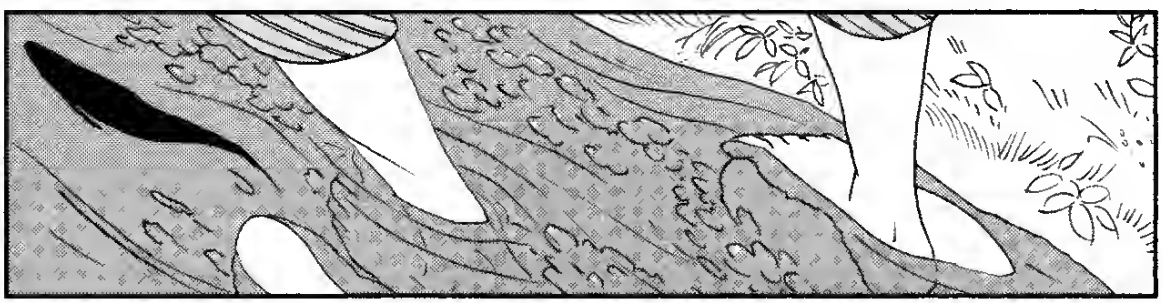
This is bad.
crackle
We need to hurry down or else.
You will.
Will I really...
Don't get yourself down before we even start walking.
You'll figure it out eventually, won't you?
Will I?
I can't come up with anything but my name.
Wha?
This is starting to scare me.
Not so fast!
YOUR! STATIC!
slip

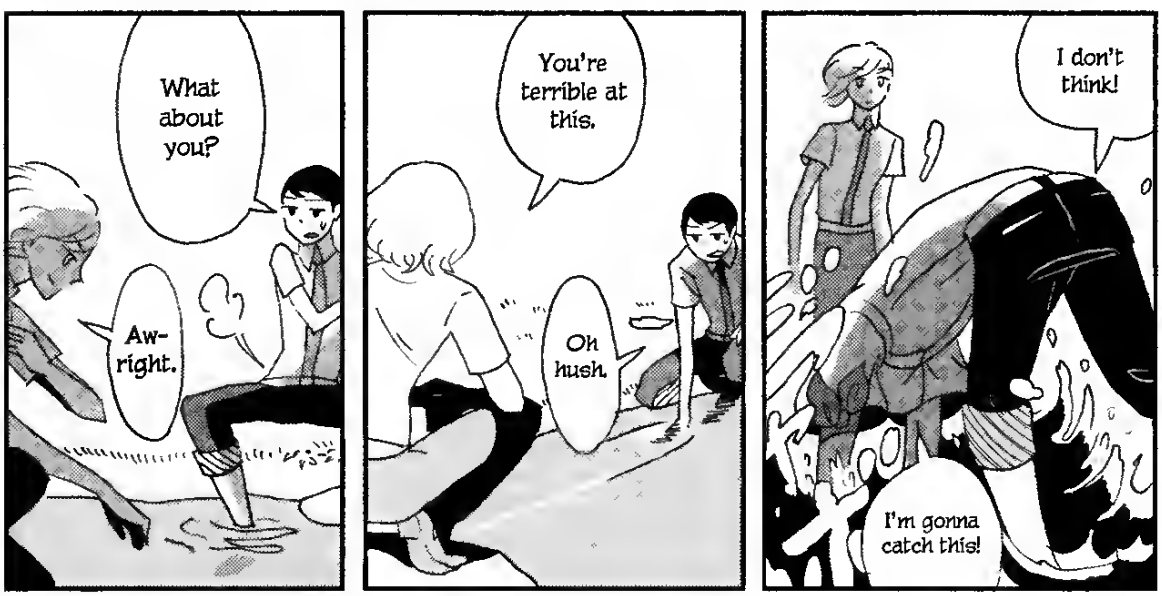
I want to get outta this place already.
Hurry up.
Oh, it's all clean now.
Lucky me.
I'm hungry.

Hey.
Water.
What about this?
D-
Do either of us even know how to eat it?



Well, this sure is hard.
What is?
Oh, yeah.
Y'know, food and stuff.



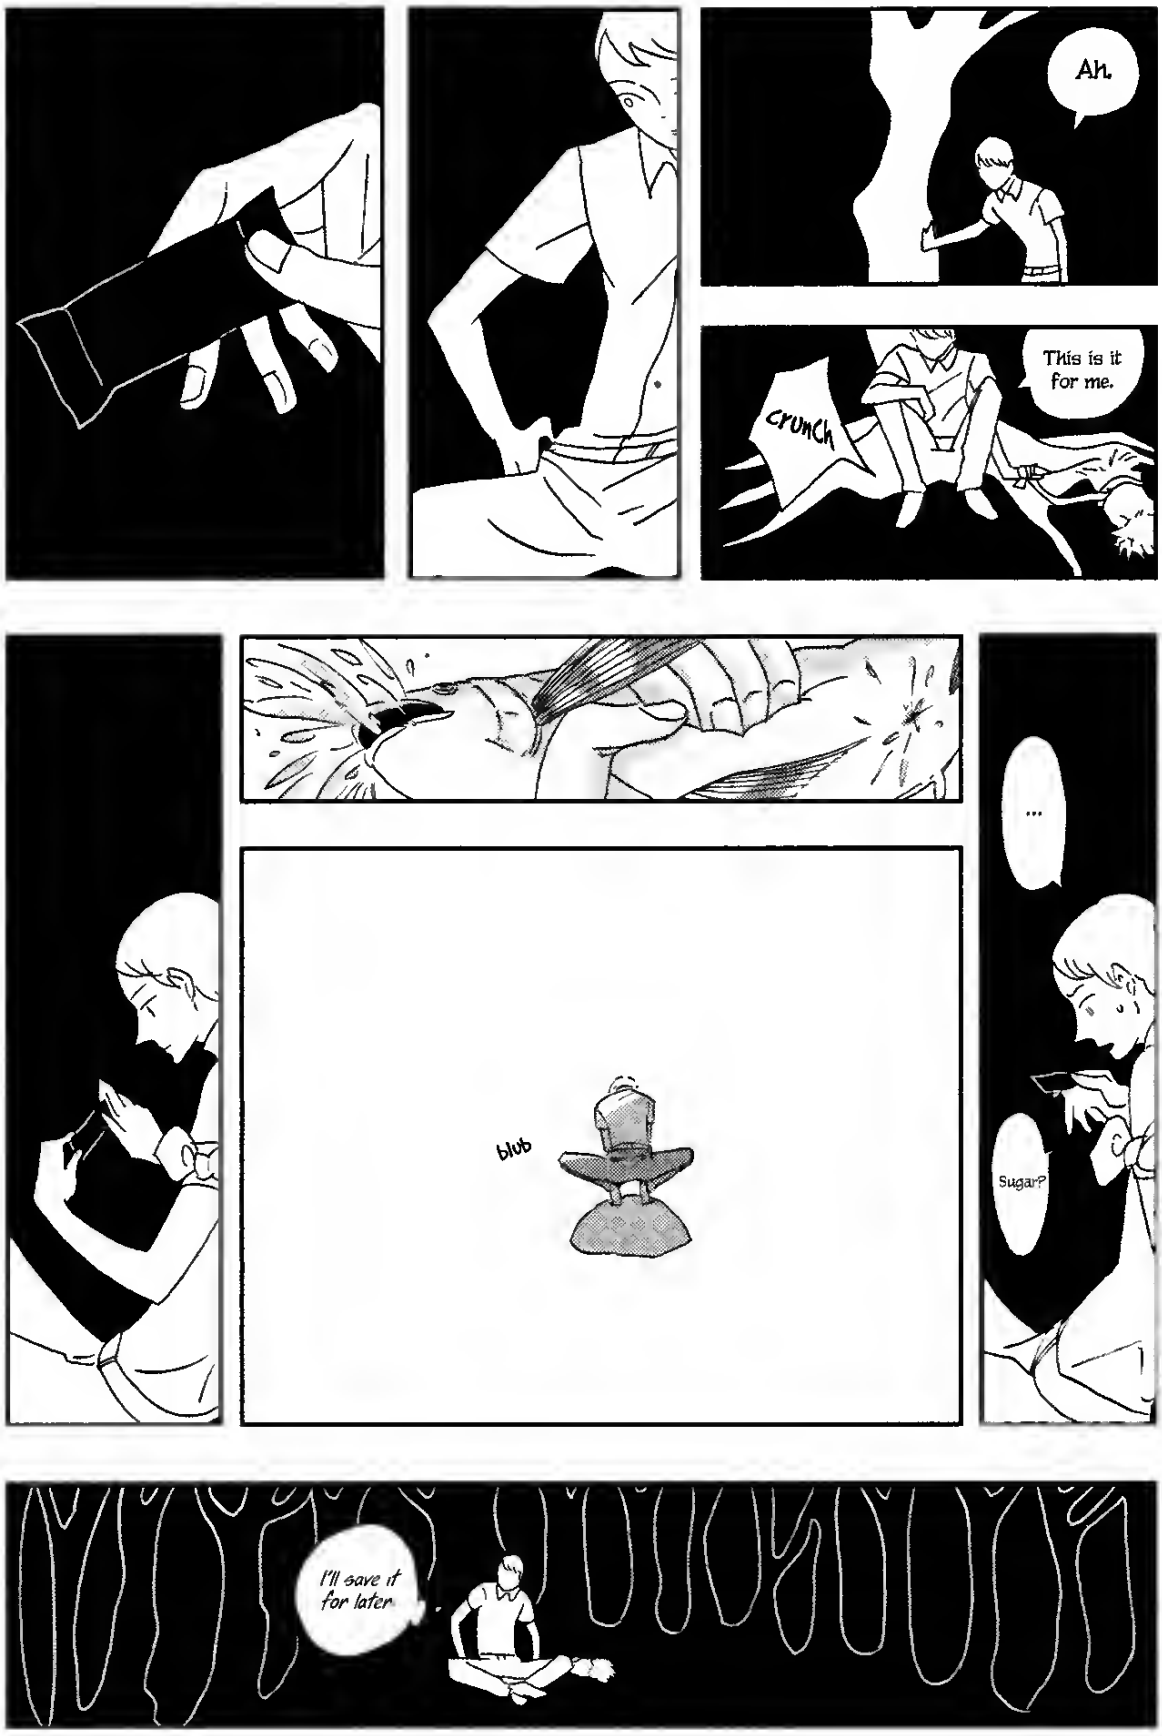


What about you?
Aw-right.
You're terrible at this.
Oh hush.
I don't think!
I'm gonna catch this!

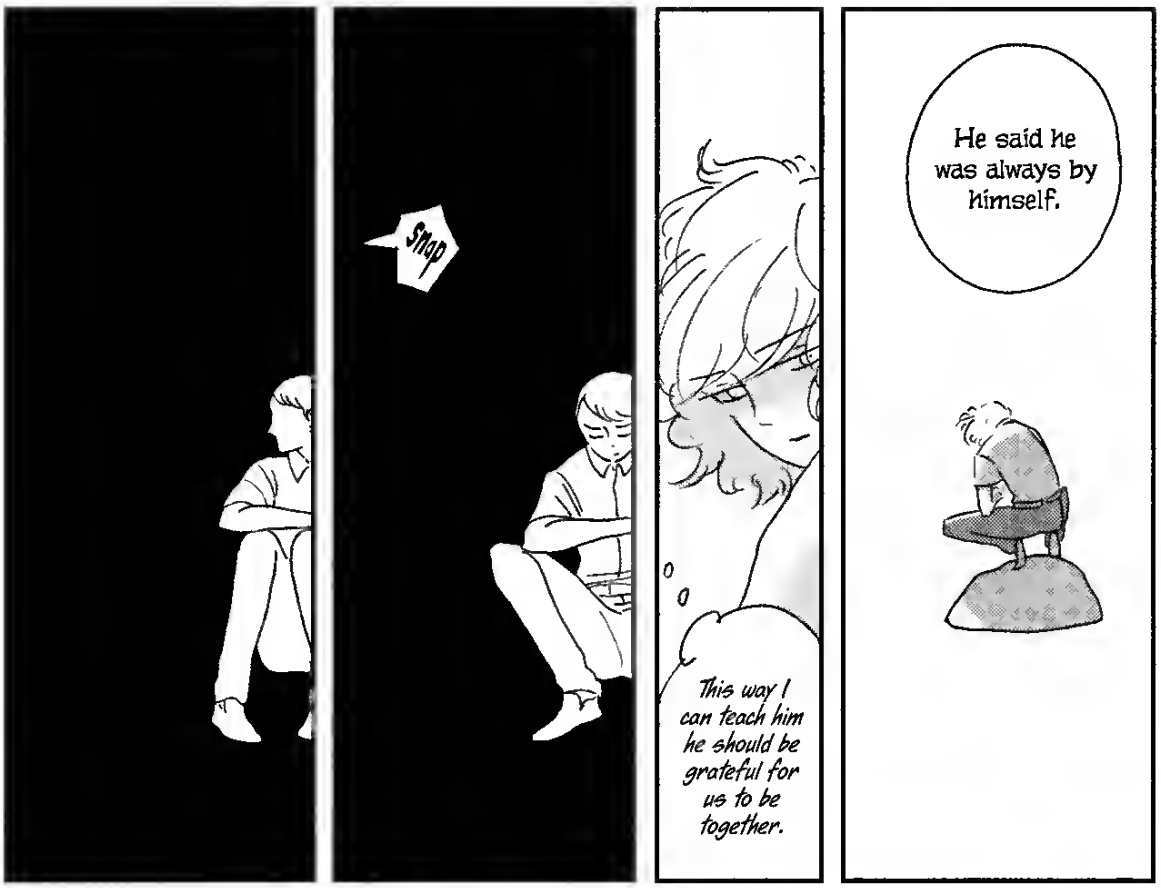
My left hand feels all funny.
Zblub
I get it.
I'll go pick up branches or something. Even some clumsy guy like me can do that.
Hey.
I'm going too.
Hmm?
You're surprisingly not okay with being alone, huh?

I know.
I'm sayin' before it does we should split up the work.
Excuse me?
You're such a brat.
I'm always alone, so I've never cared about *that*. I'm just sayin' you shouldn't be in the forest after dark.
Ahh.

What a pain.
I know, I know. It was my bad.
Dammit. We're just incompatible, aren't we?
That's why there's so much static.
There's no way I'd get lost that ea—
—sy.

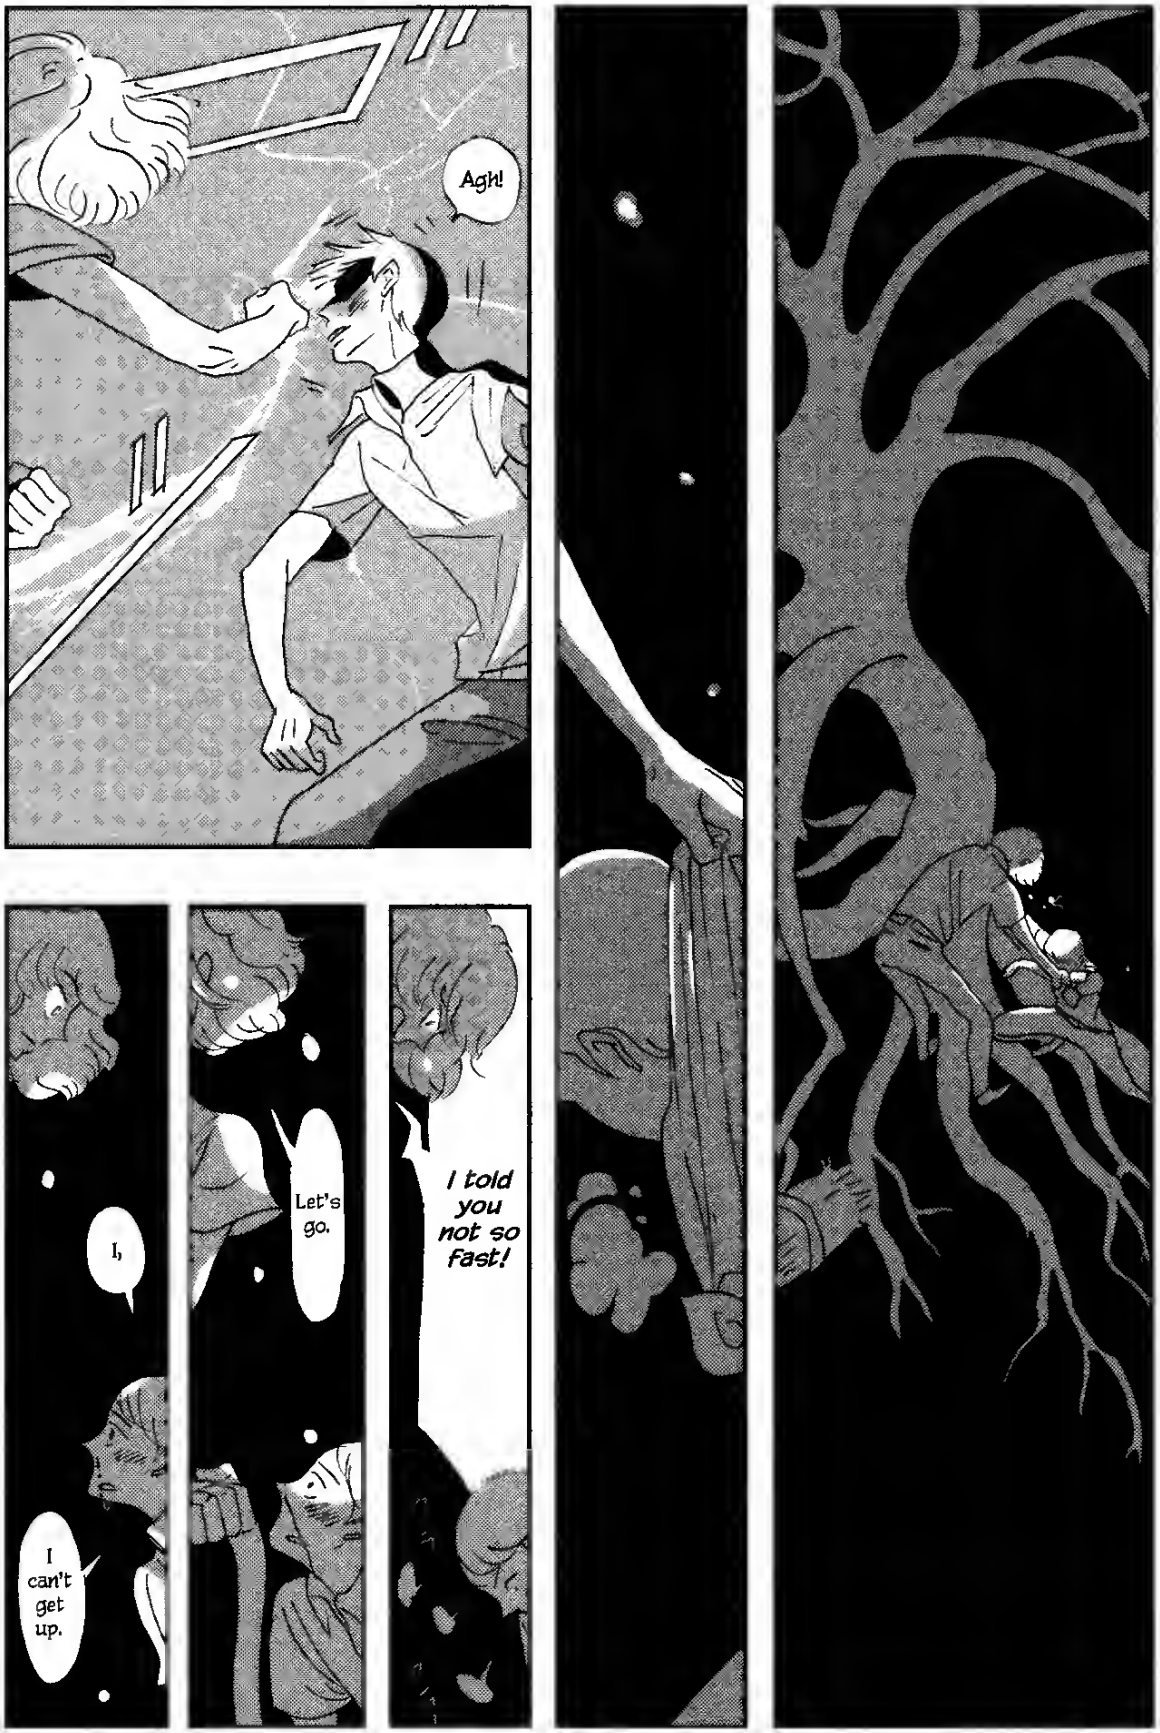


Ah.
This is it for me.
CRUNCH
...
Sugar?
blub
I'll save it for later.

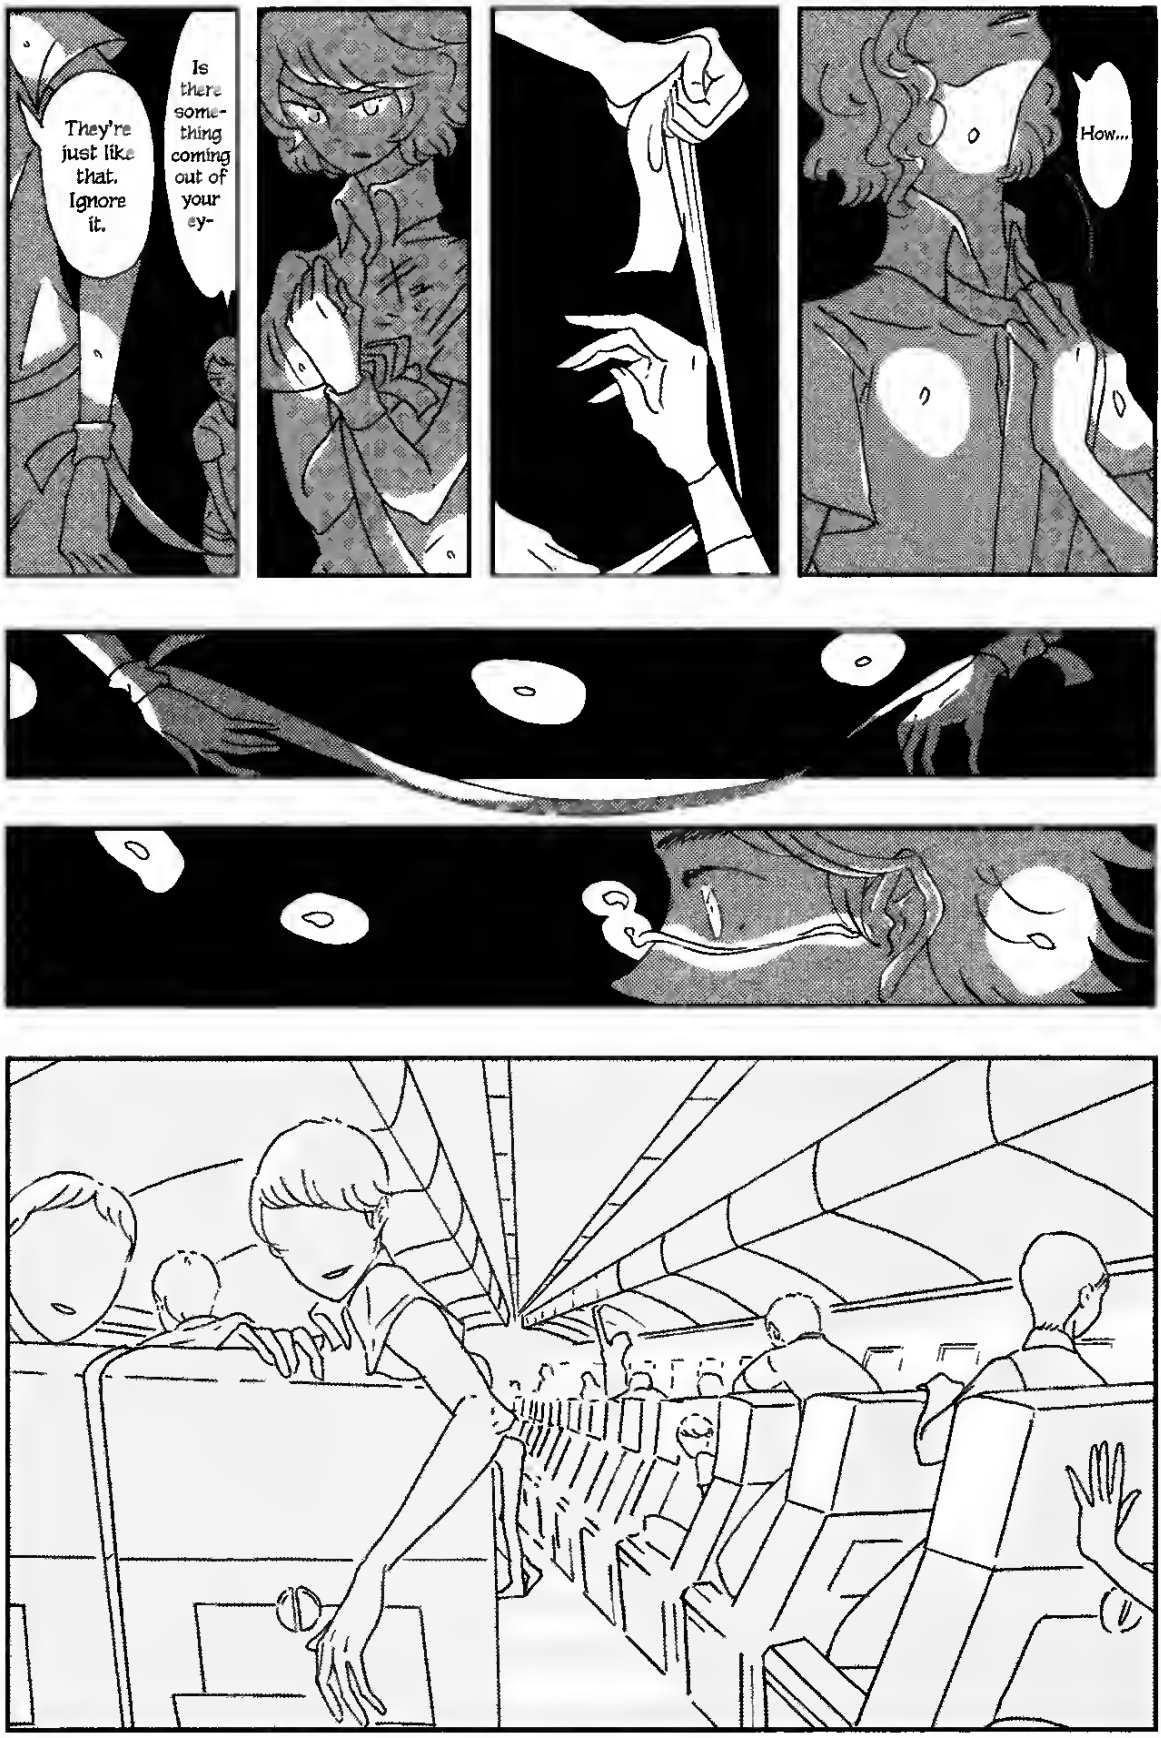


He said he was always by himself.
This way I can teach him he should be grateful for us to be together.
Snap

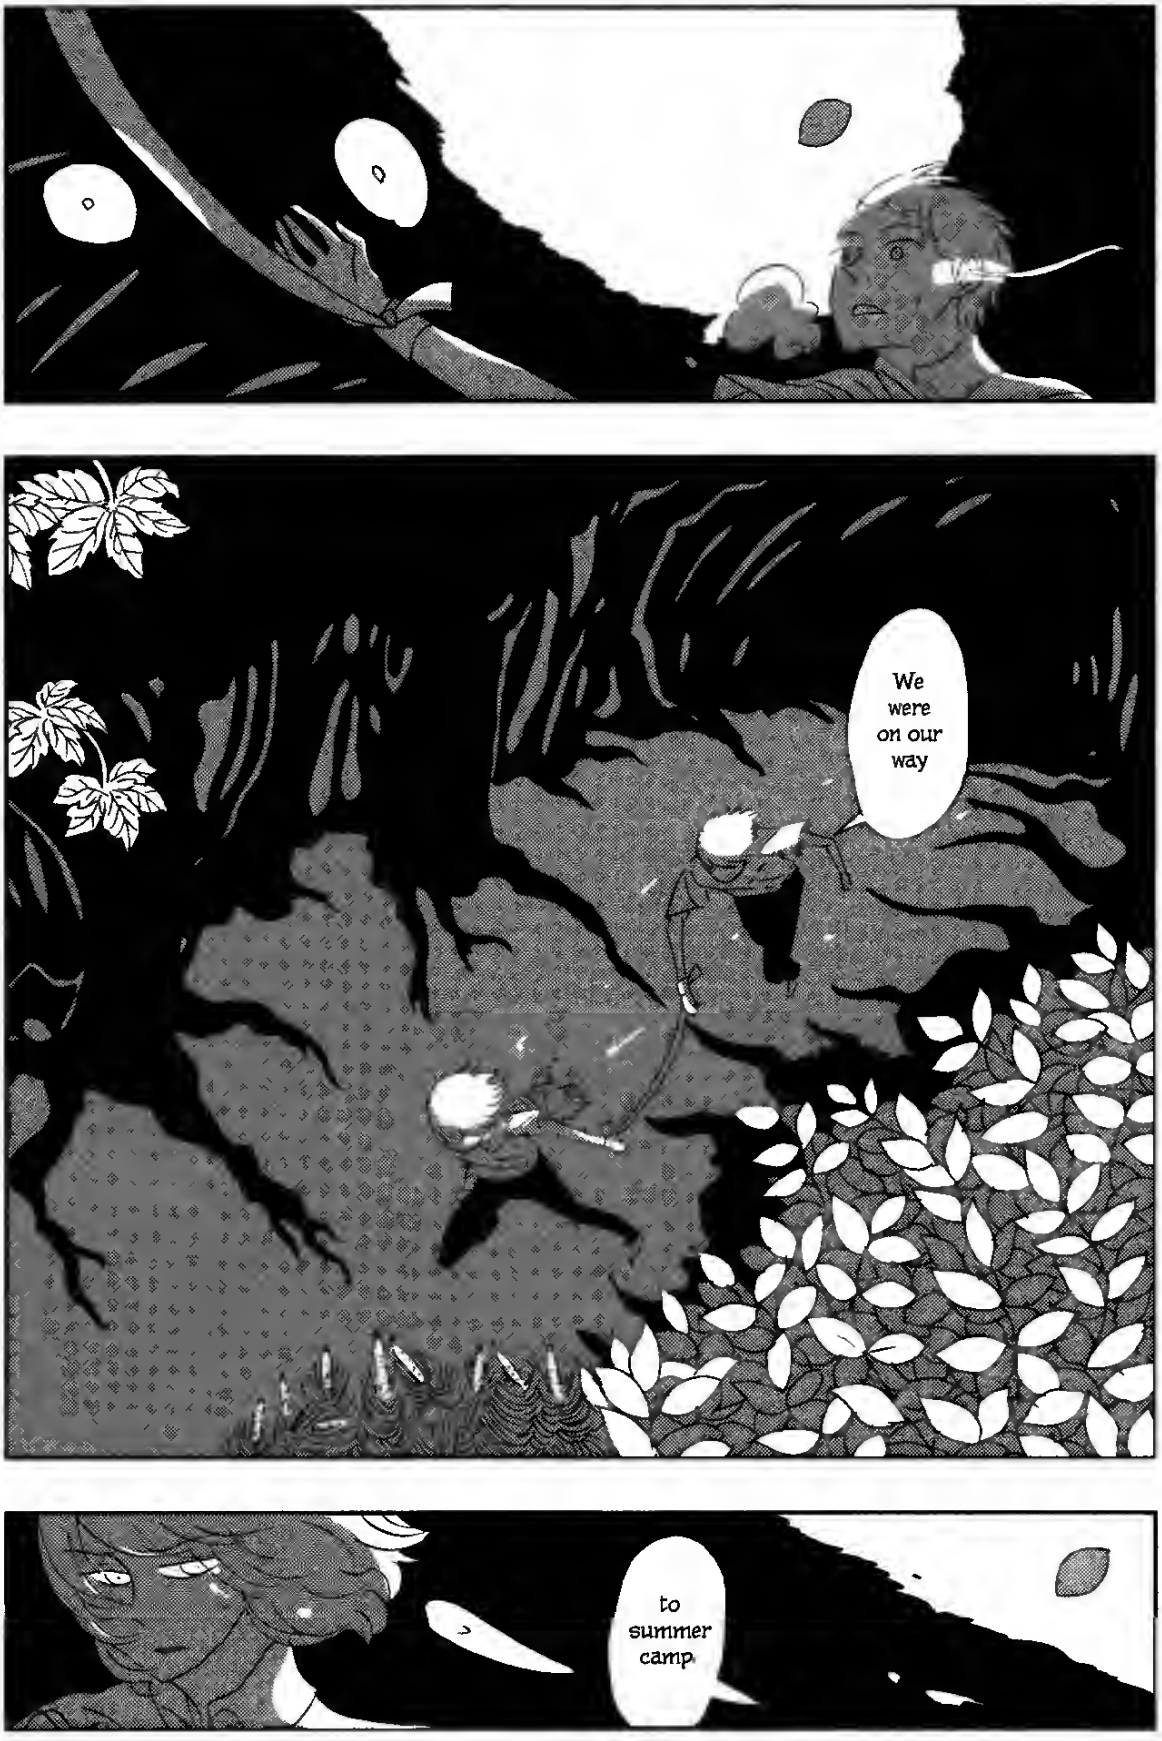
crack



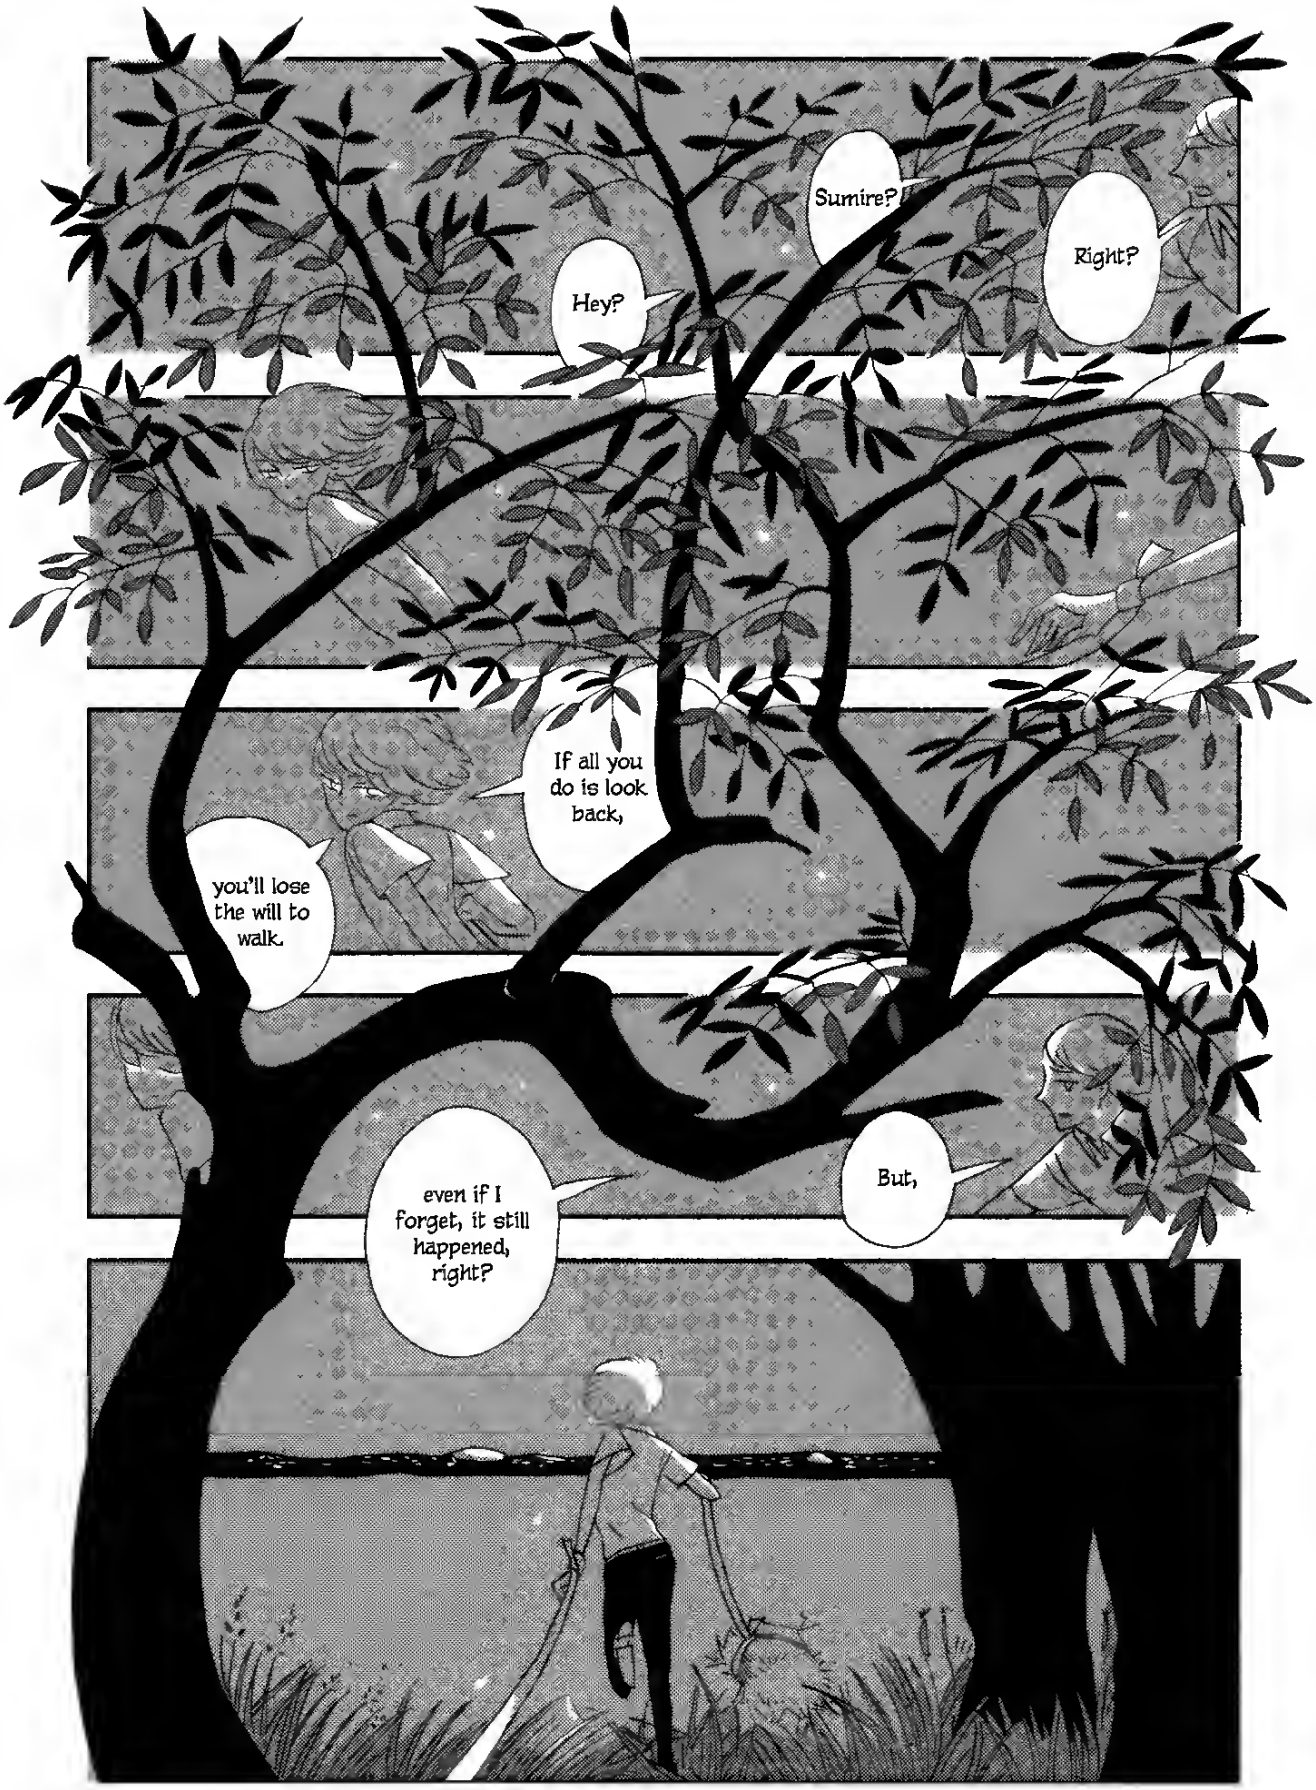
Agh!
I,
I can't get up.
Let's go.
I told you not so fast!



They're just like that. Ignore it.
Is there something coming out of your ey-
How...

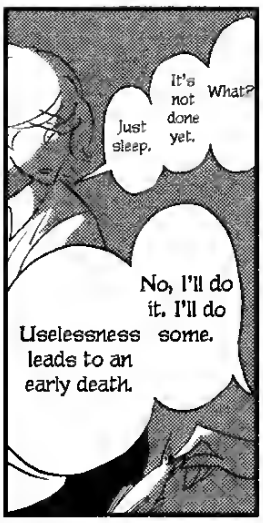


We were on our way
to summer camp



Sumire?
Right?
Hey?
If all you do is look back,
you'll lose the will to walk.
But,
even if I forget, it still happened, right?

...Or so someone said.
That sure is a lame thing to remember.



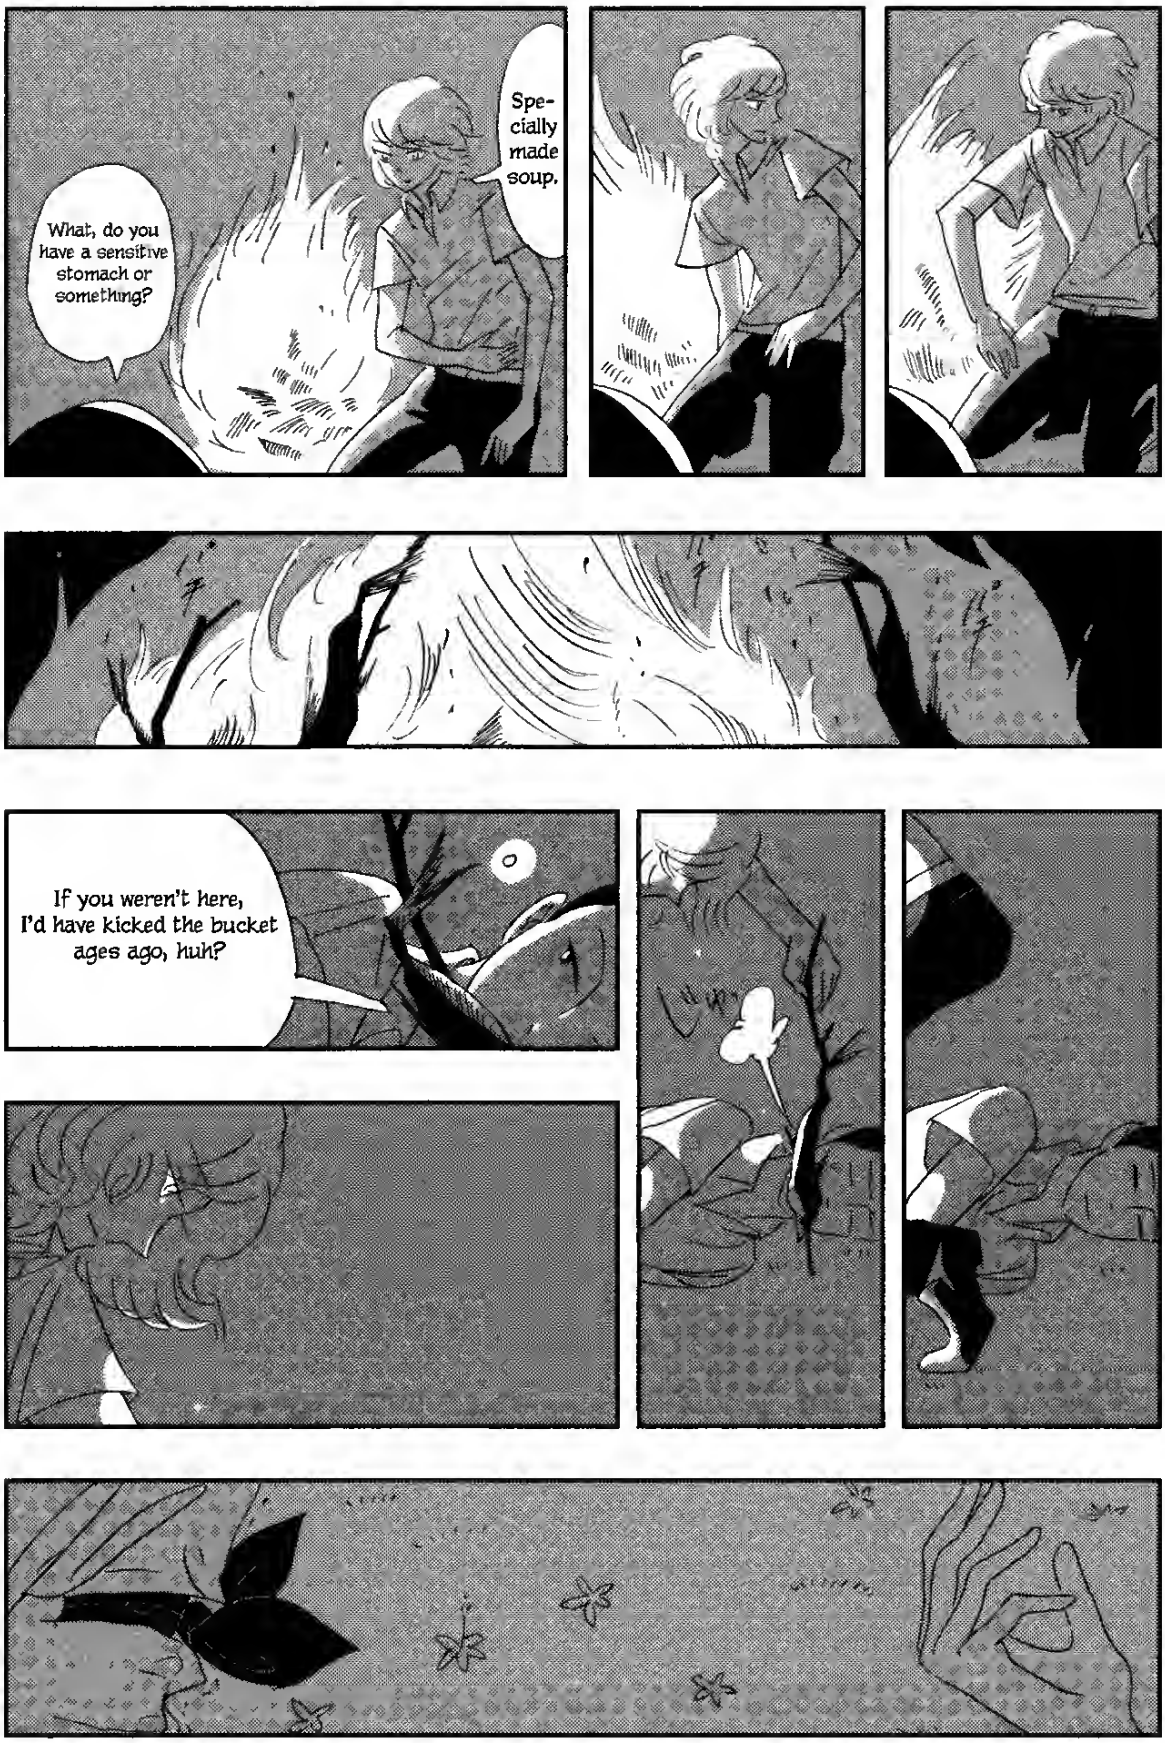
What?
It's not done yet.
Just sleep.
No, I'll do it. I'll do some.
Uselessness leads to an early death.

Where would you go for then?

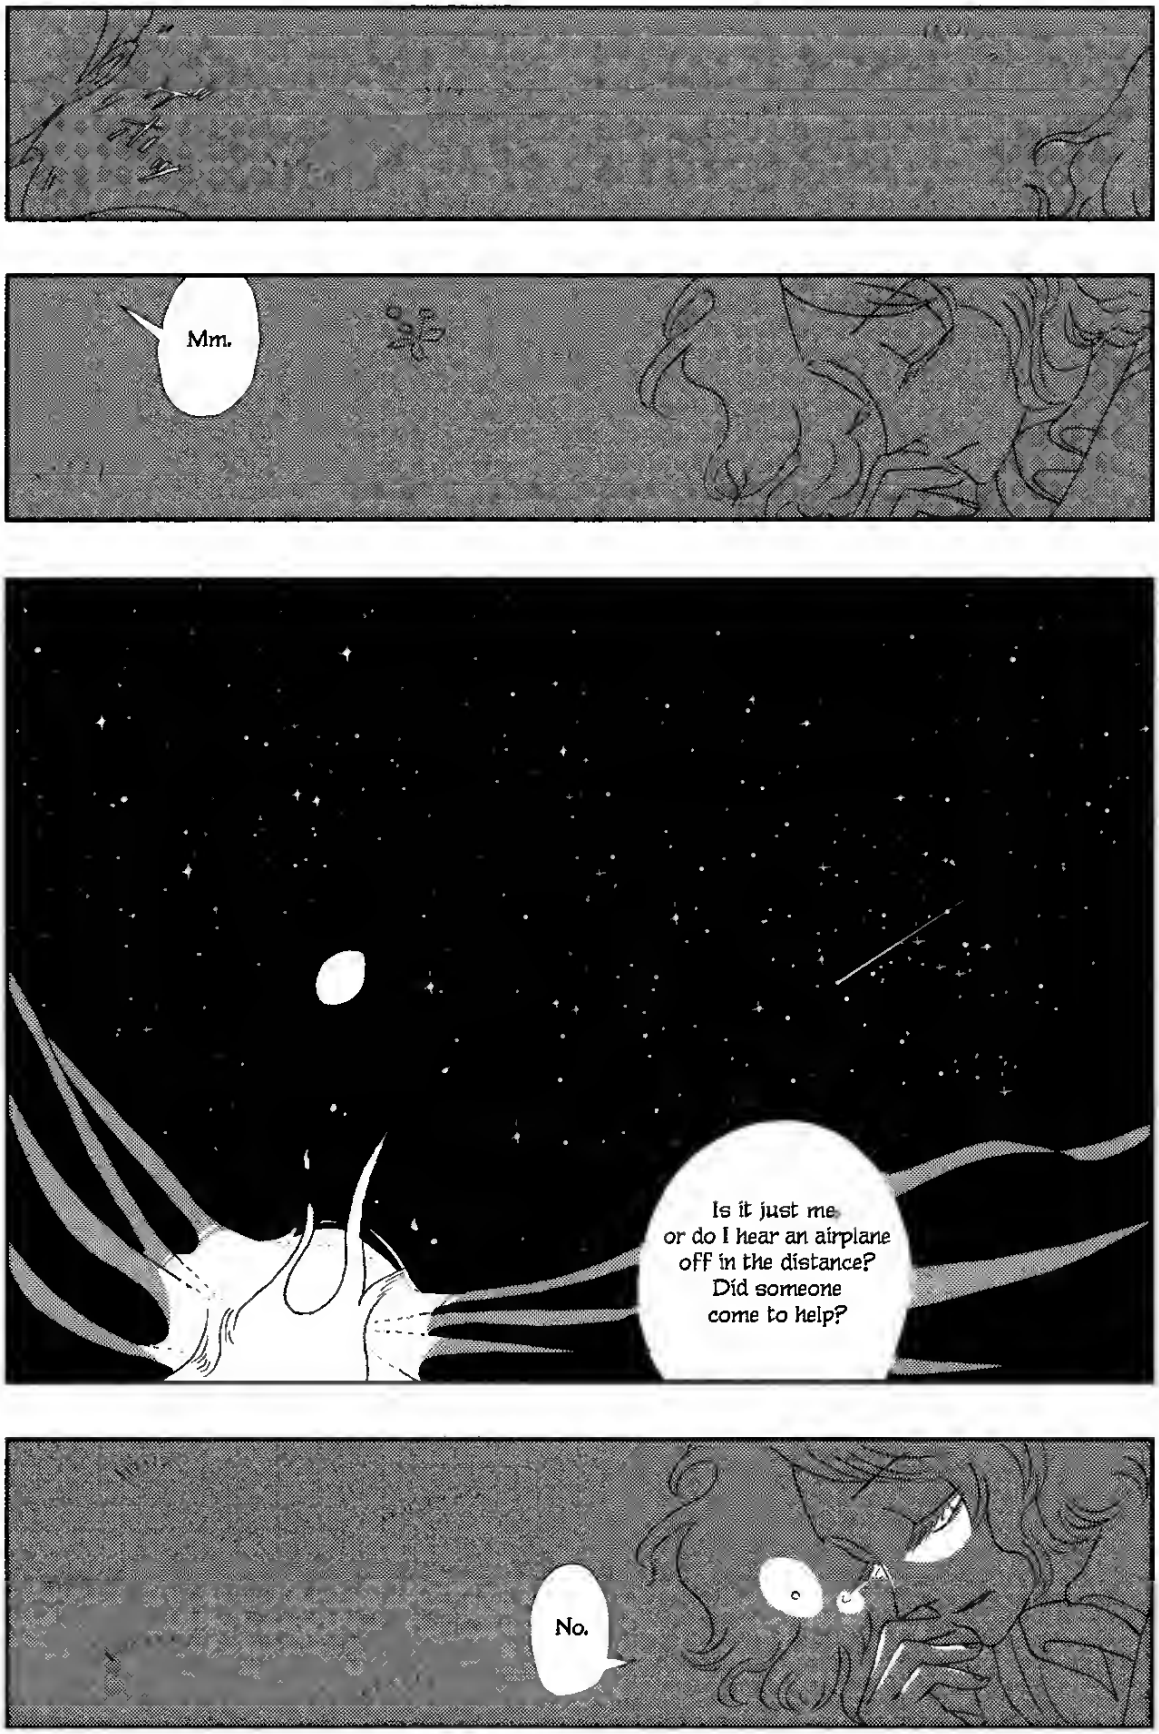
If it was me, I'd save the eyes for last.
Isn't it nice how they're soft?

When I thought your eyes belonged to a bear, I was wondering where I'd get eaten first.
Like, is it going to be my brain? My eyes? My stomach?

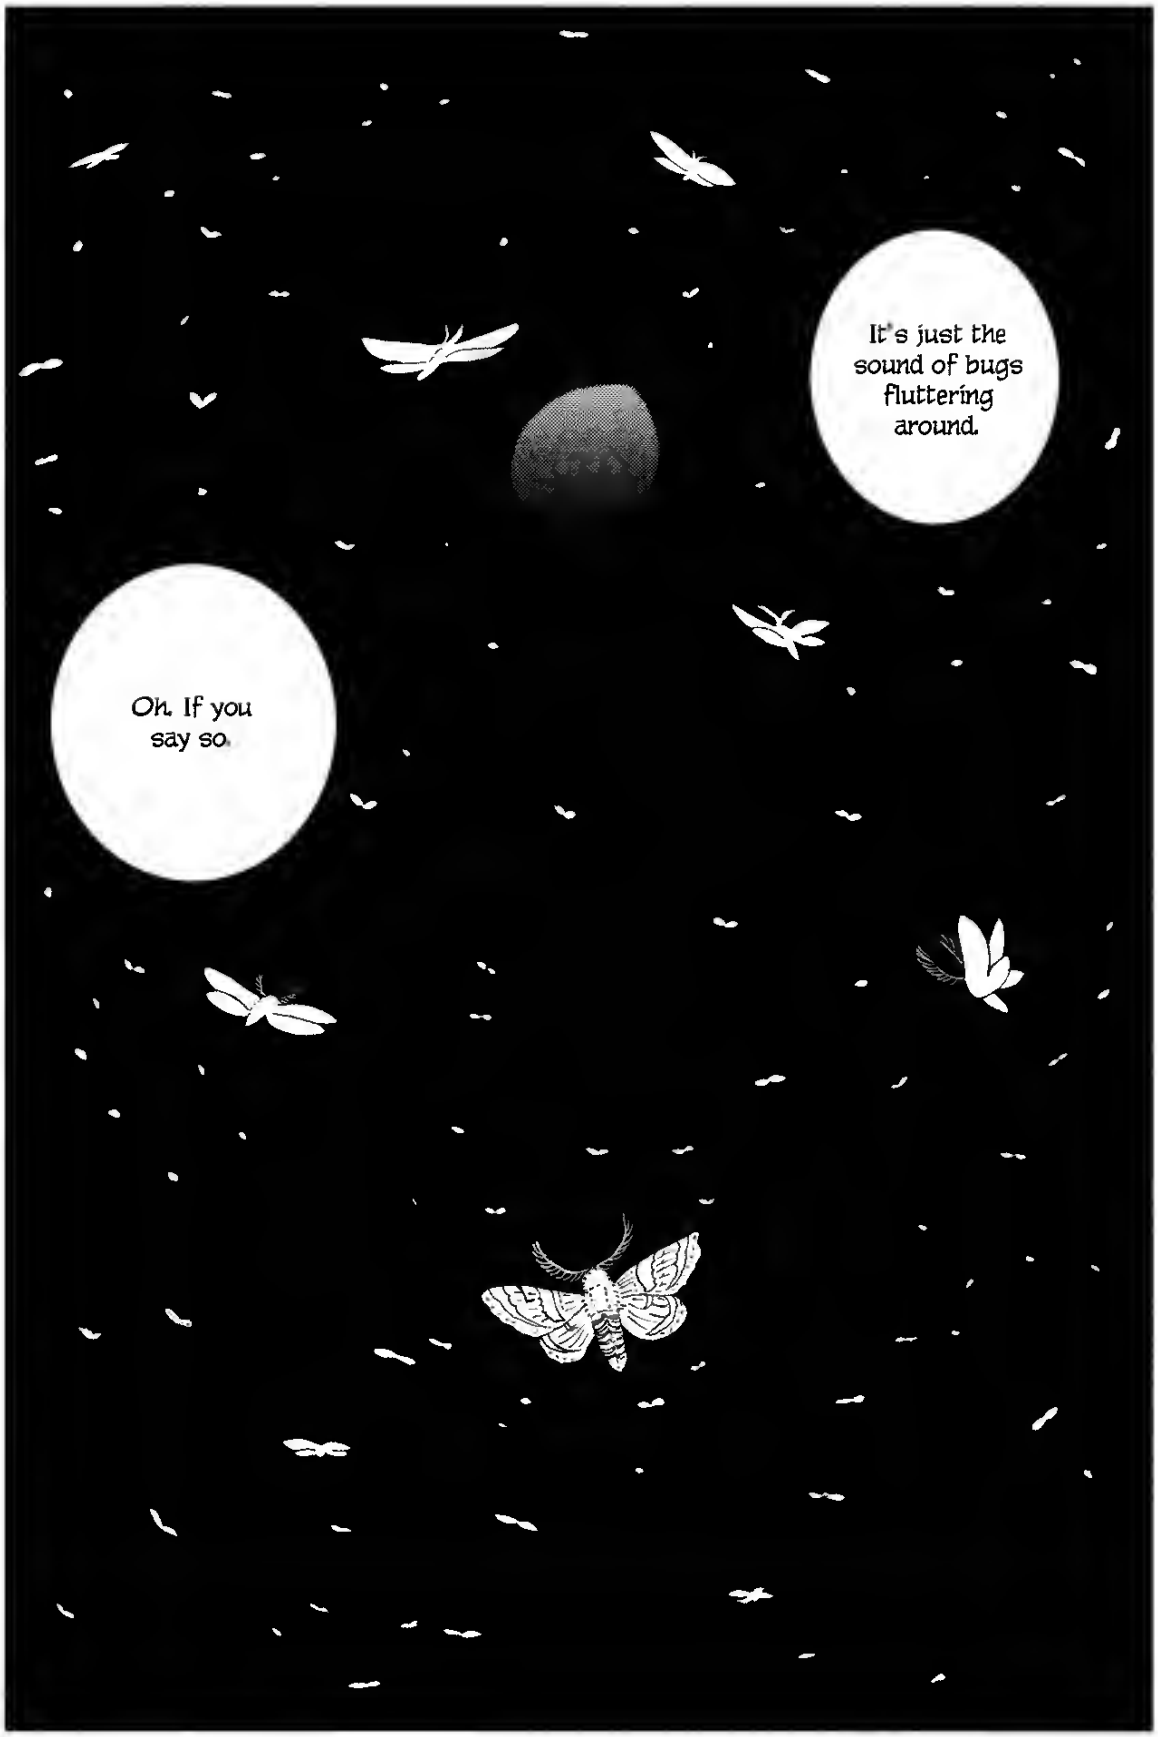
I don't really get it, but-



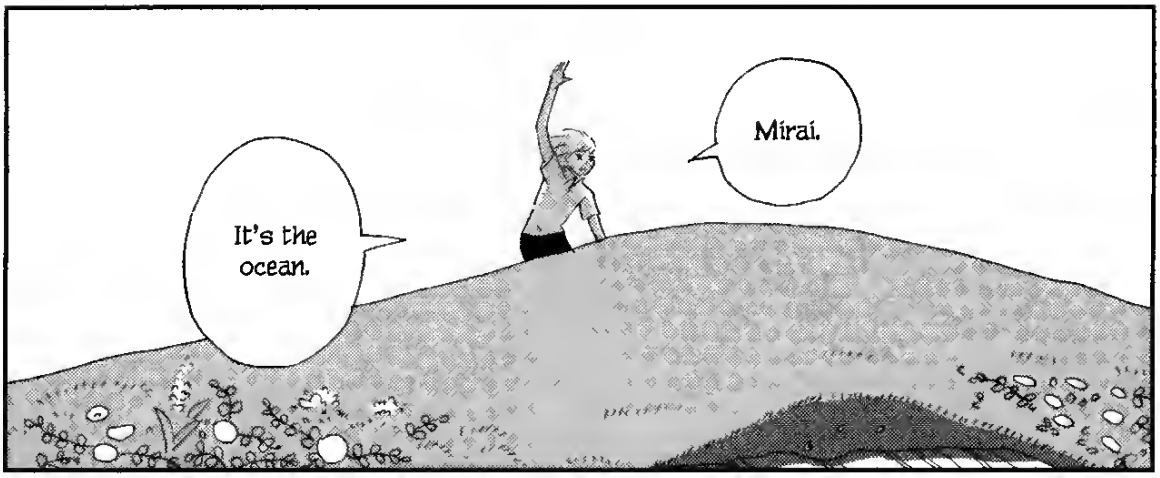
Spe-
cially
made
soup.
What, do you have a sensitive stomach or something?
If you weren't here, I'd have kicked the bucket ages ago, huh?



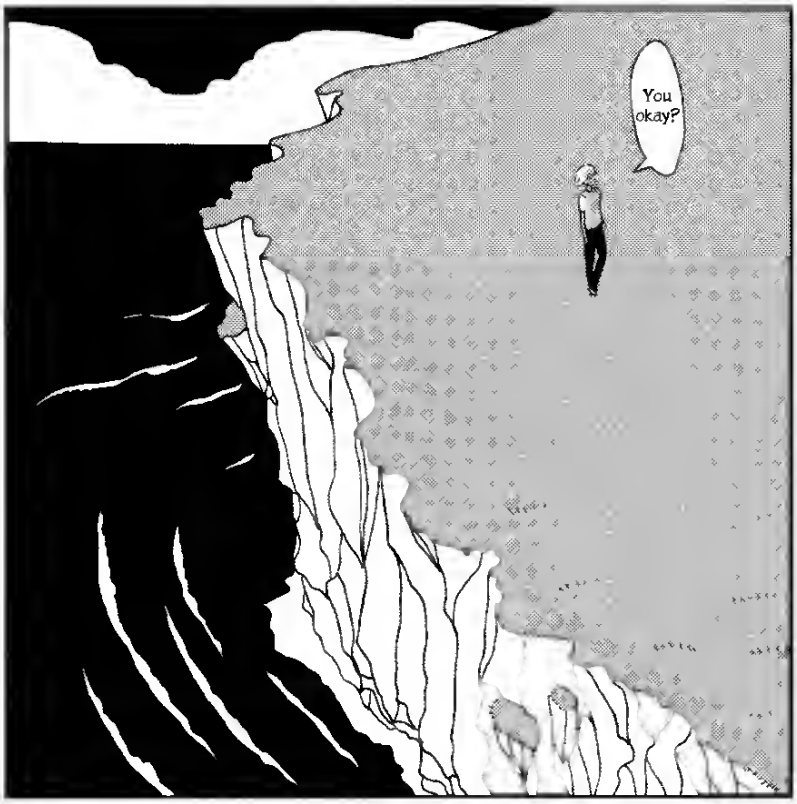
Mm.
Is it just me or do I hear an airplane off in the distance? Did someone come to help?
No.



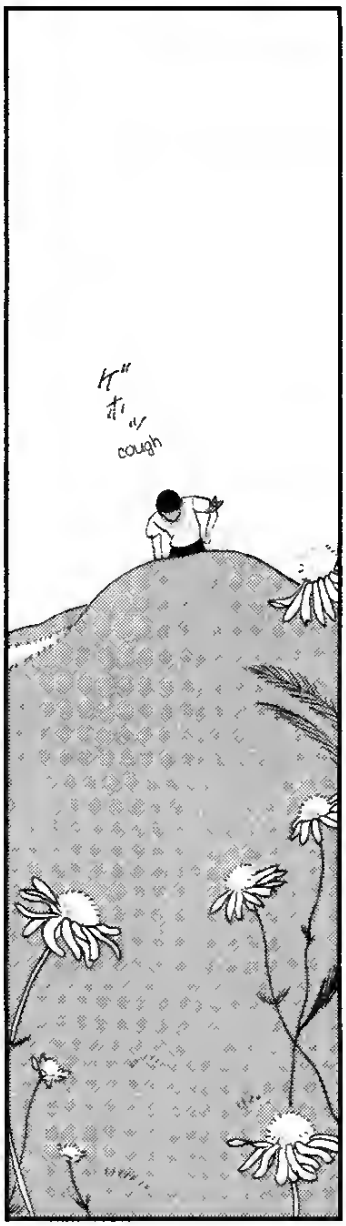
It's just the sound of bugs fluttering around.
Oh. If you say so.



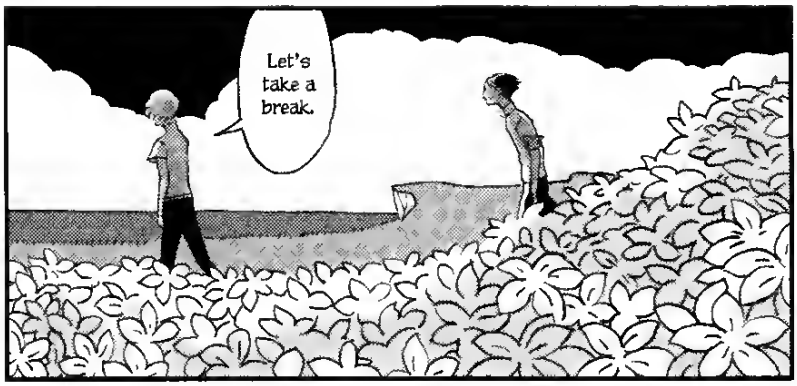
Mirai.
It's the ocean.



You okay?



cough



Let's take a break.

Here.
Sugar
Just ask. I'll go get you anything.
Are you hungry?
Want some water?
CRUNCH
Huh? You had a thing like that?
Here.
I,
I don't need it.
Just eat it yourself.

the
What
heck?
You know what my body's li—
Stupid!!
Half of it's gone! It's gonna melt! What are you doing?!
Ahh!

Everyone from Shion Academy's 8th grade class thank you for flying with us today.
We are expecting some turhulance.
However, it will not affect our flight
Oowa, are you gonna be a pilot too?
Hey, Oowa! Can you ask your dad to let us see the pilot's cabin?
Your pilot today is Oowa Yuuichi. Your attendants will be Oowa Kyouko and four others.
Thank you for flying with us, and for getting along with my son.
YOU'RE WELCOME—
Ugh.
He's having fun with this
Now, for a message to you all from our pilot.
I wanna see the hold
Let's take a picture in front of the engine when we land.
Have a nice trip

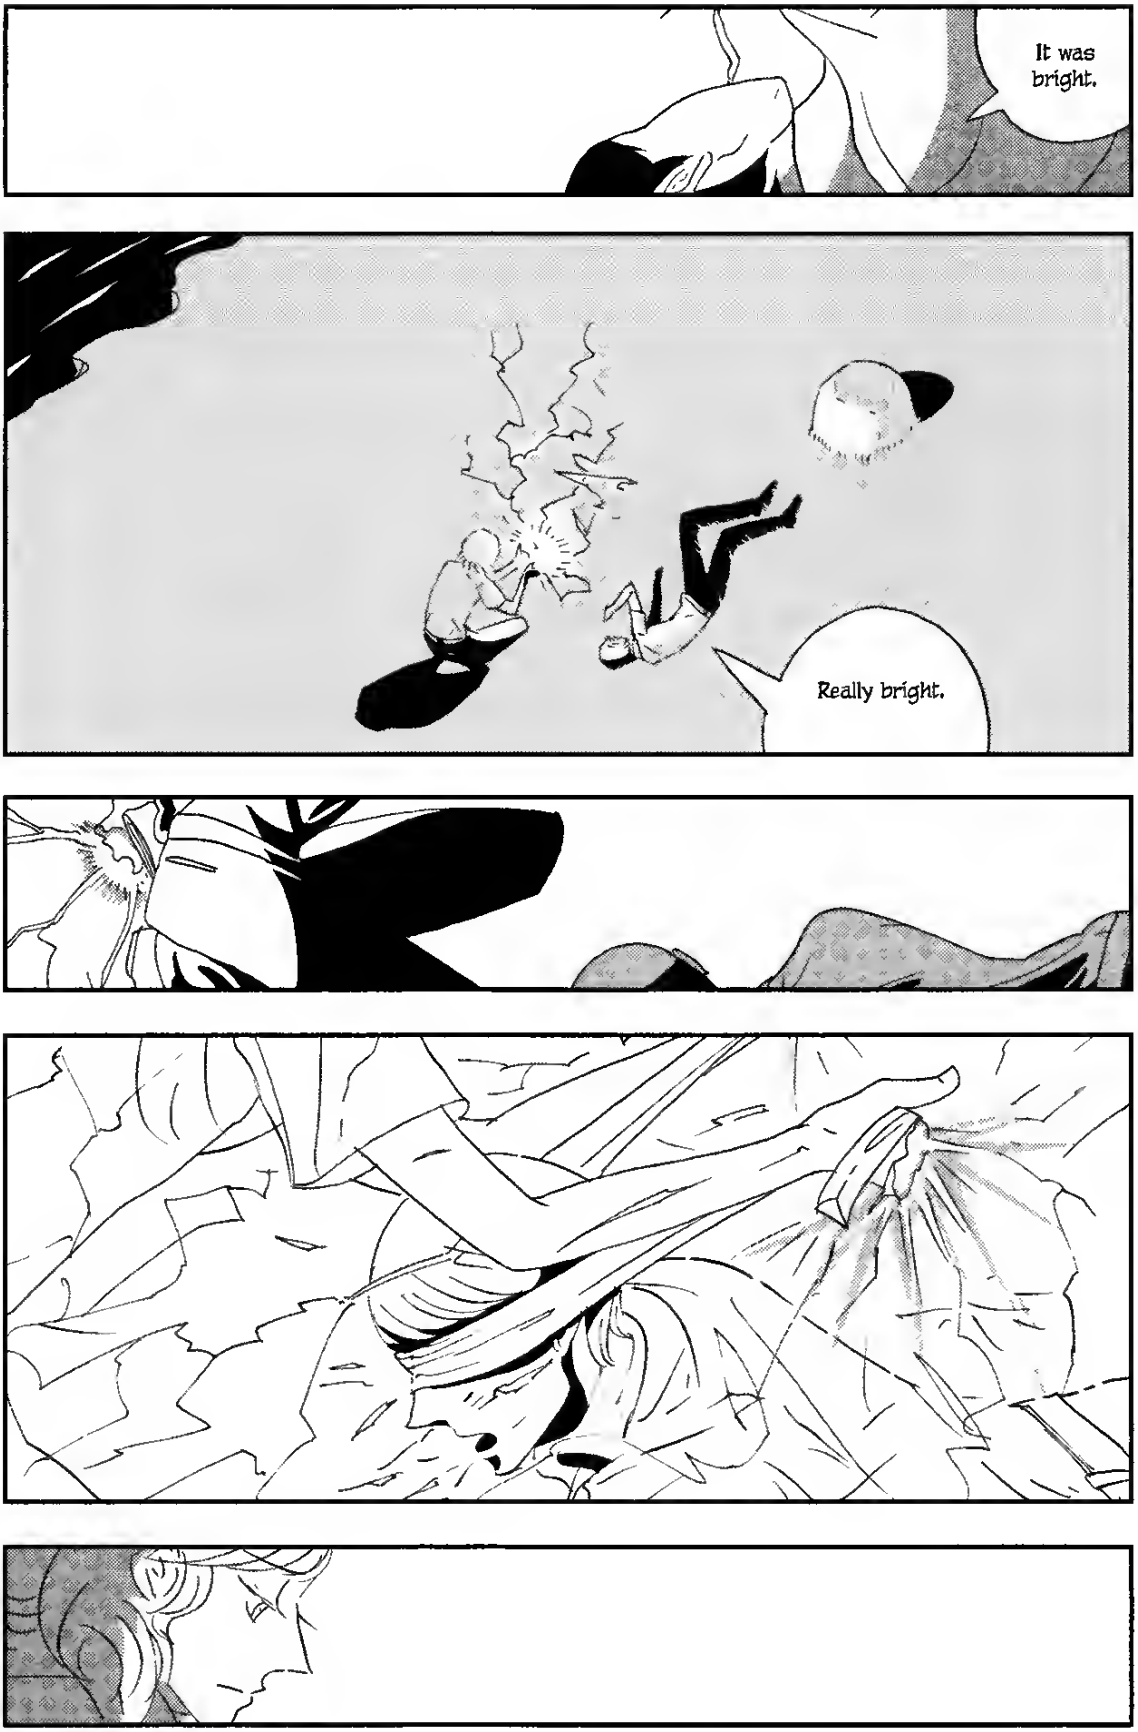
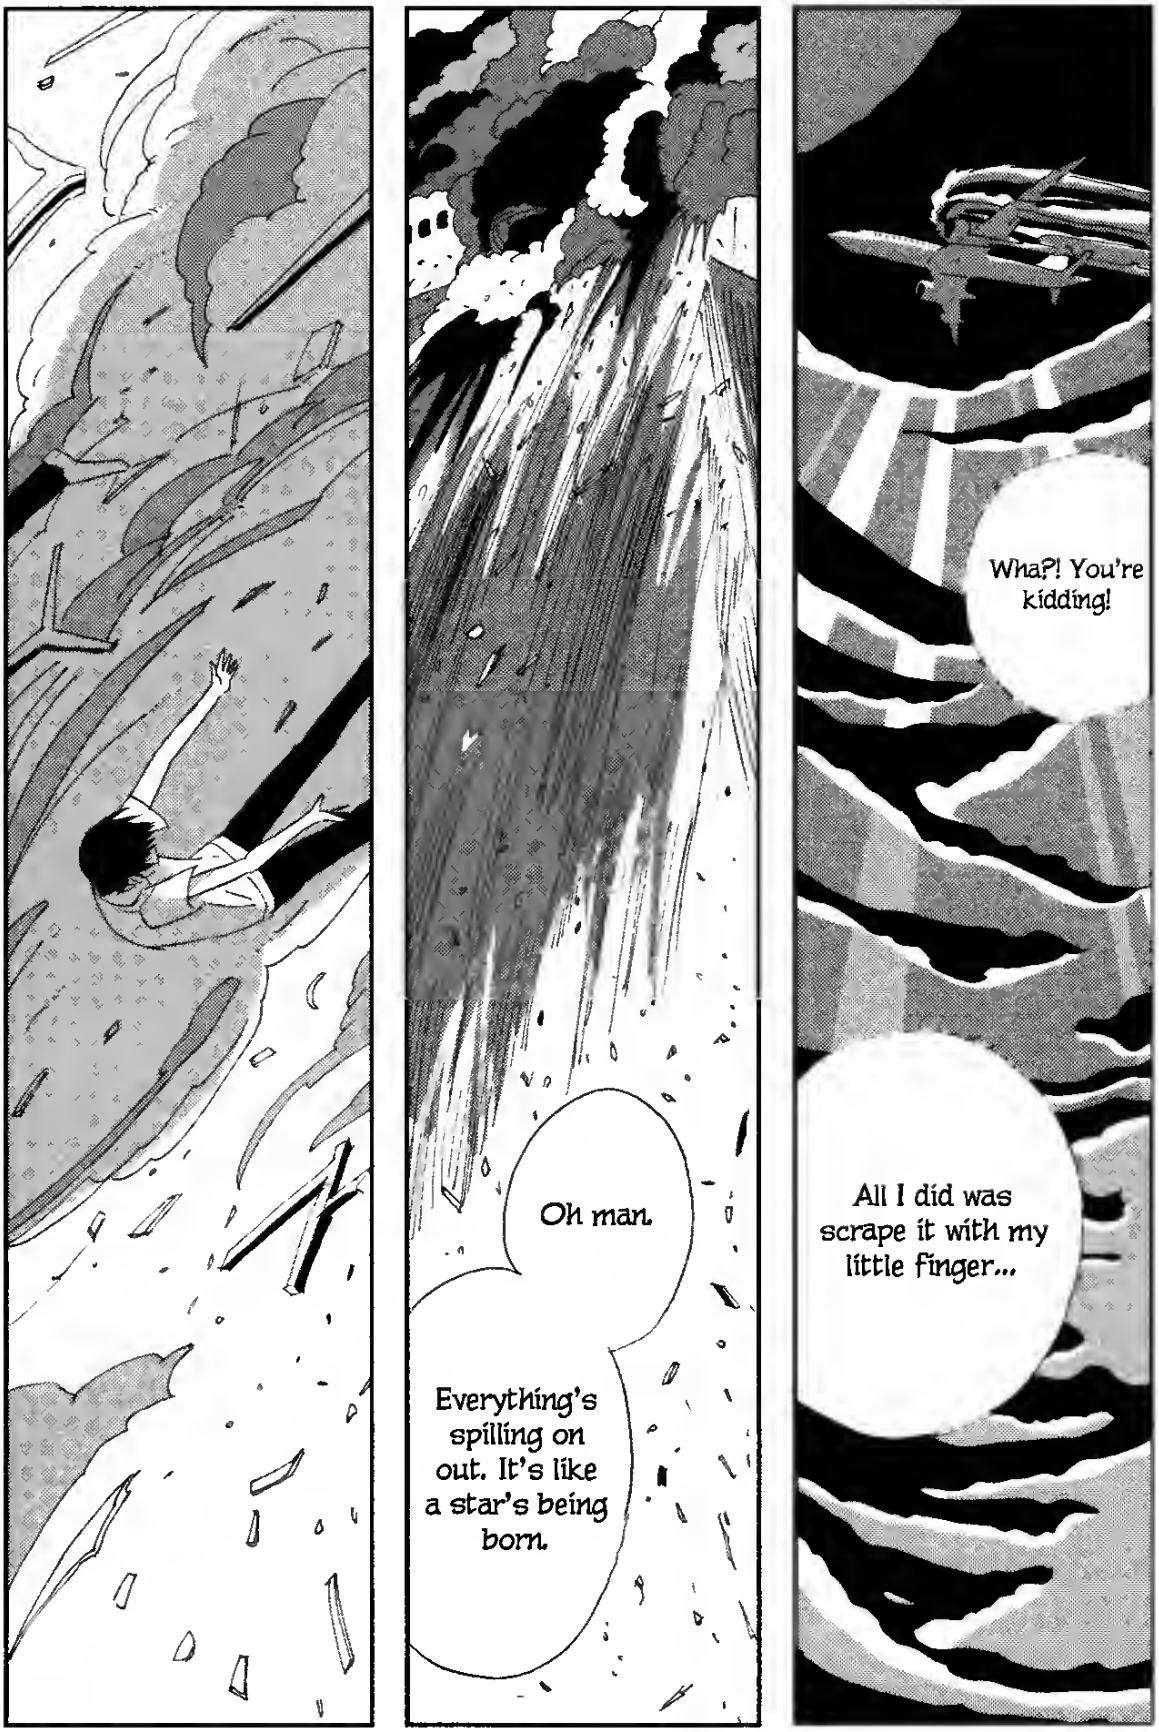
MIRAI AIRLINE
I think it's cool.
It's kind of funny how your name keeps showing up everywhere.
MIRAI AIRLINE
Do you? It's just a coincidence that we have the same name.
Is that Oowa's mom?
So young!
Shh, she can hear you! I don't want another three months of answering the "which salon did I go to today" quiz!
but it's making me feel all pressured like I'm the one flying everyone around
It's really shaking



It was bright.
Really bright.



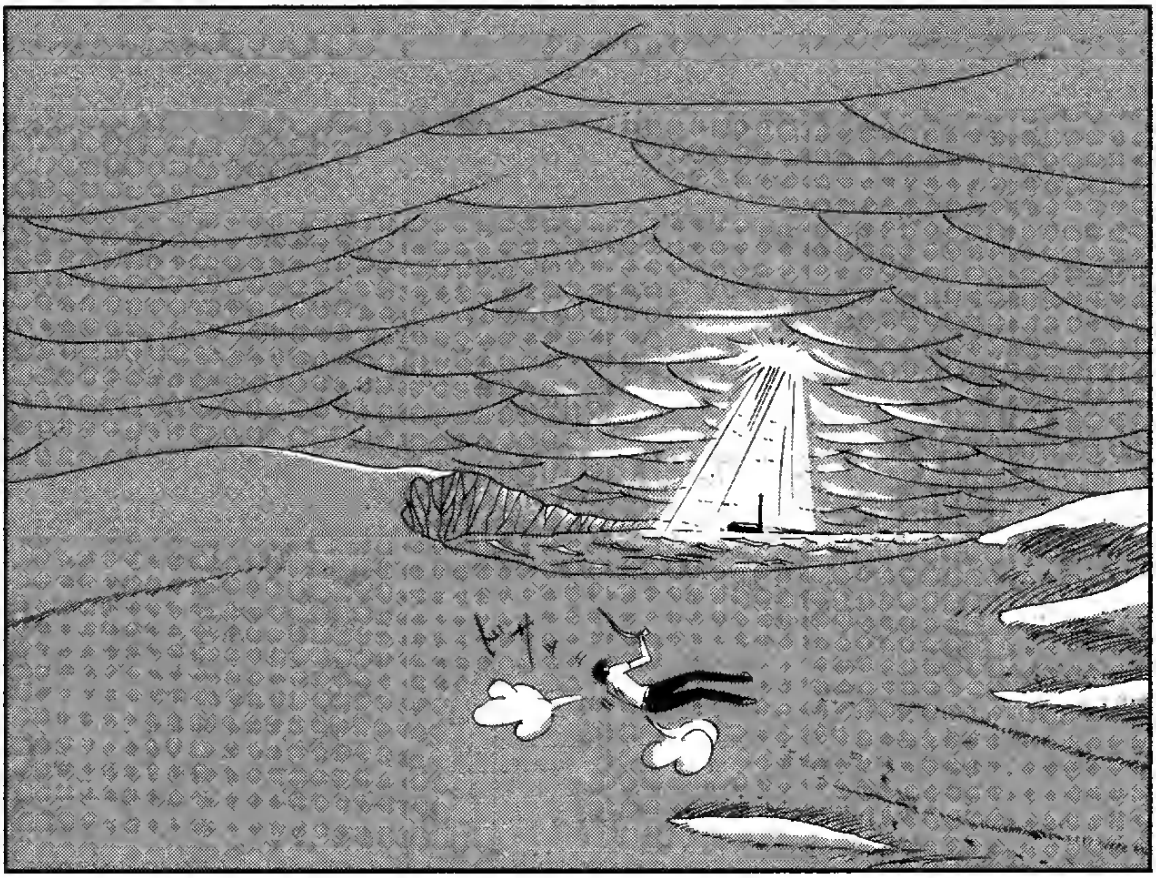
Oh man.
Everything's spilling on out. It's like a star's being born.
Wha?! You're kidding!
All I did was scrape it with my little finger...

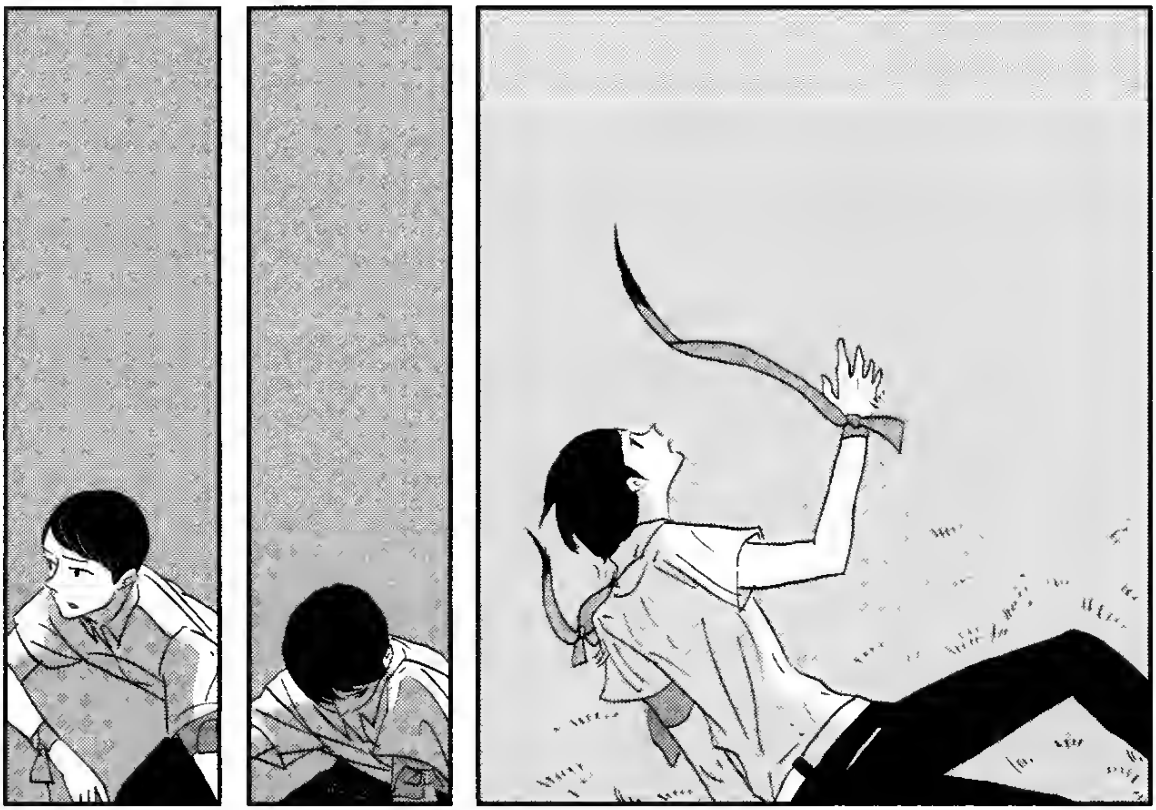
Guess there's no helping it.
I'll take these white crumbs and spread them out all thin for skin.
Should be fine as long as it lasts long enough for me to carry him over there.
Oh?
That clear stuff's nice.
Kinda hard to get the temperature right, but,
good enough.
That one's
the only thing that didn't break up, huh. It's bad for humans to get left all alone, right?

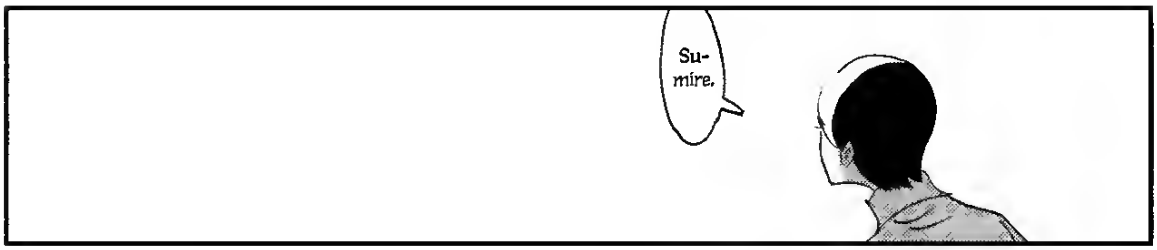
Scary.
White.
Hot.
It was lightning.
God.
Help.
I can't see.
Sumire, where are you?

I'm with you.

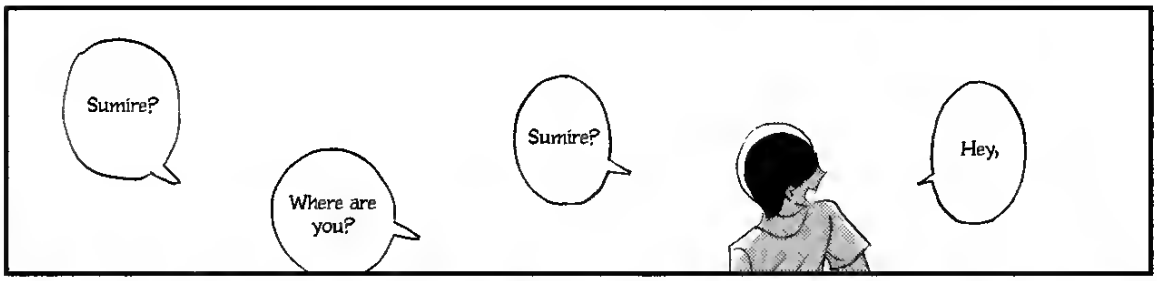
Sumire?
You're here, right,
It's too bright,
I can't
see anything.



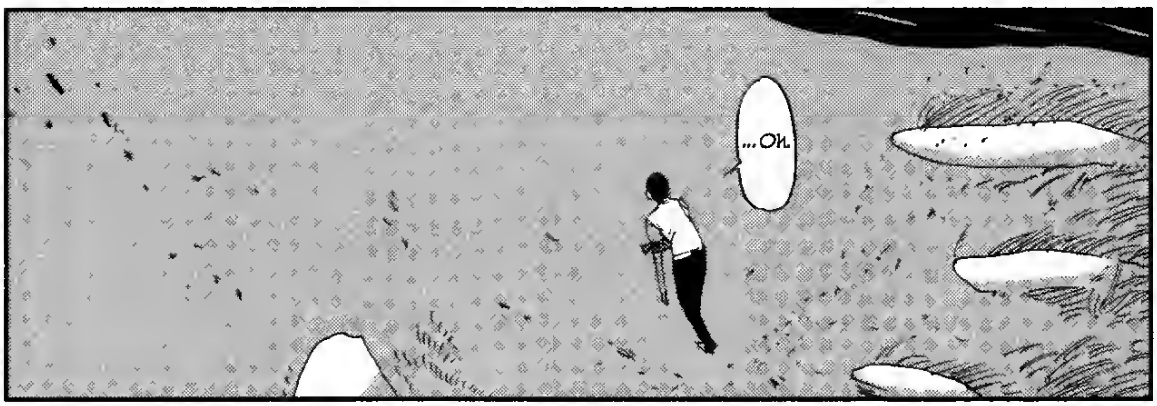




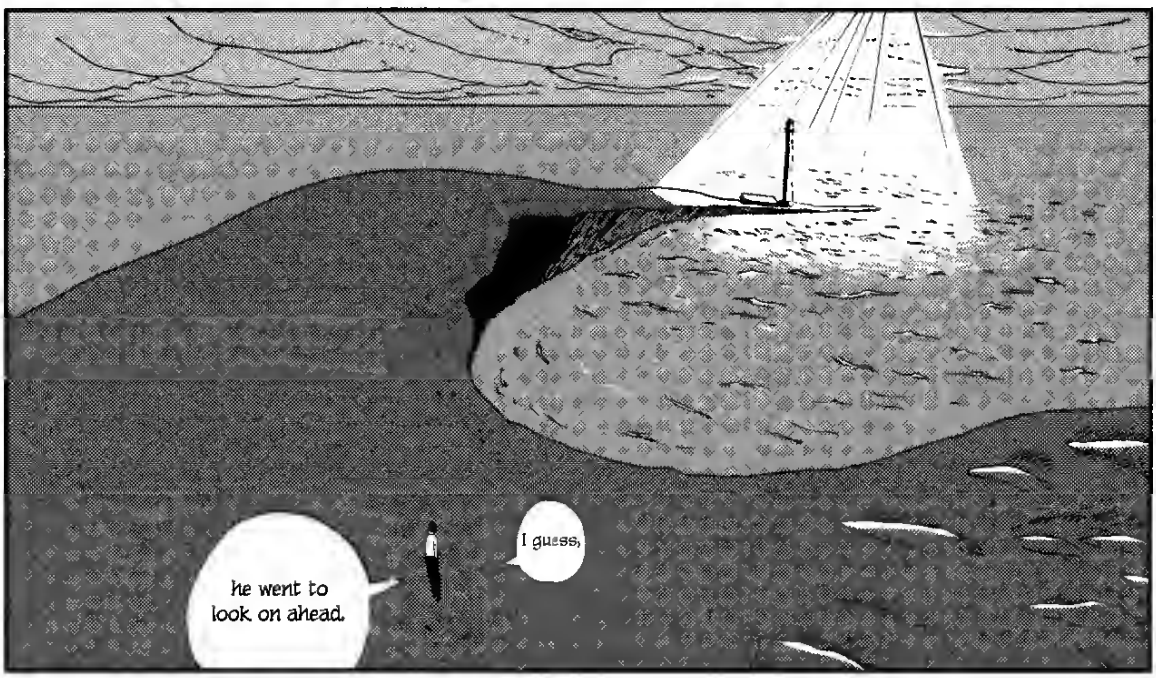
Su-
mire.



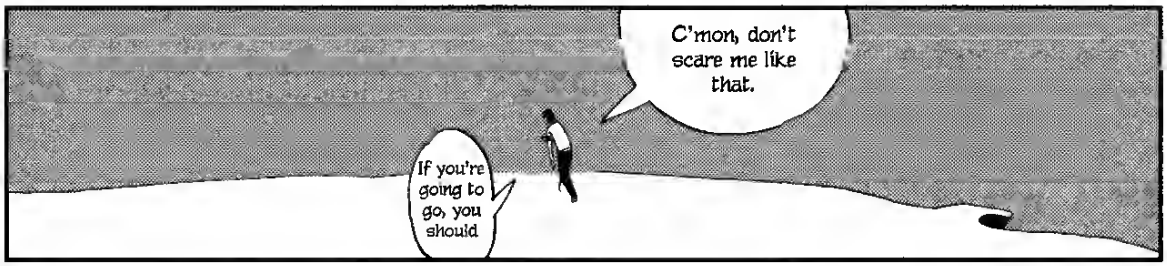
Sumire?
Where are you?
Sumire?
Hey,



...Oh.

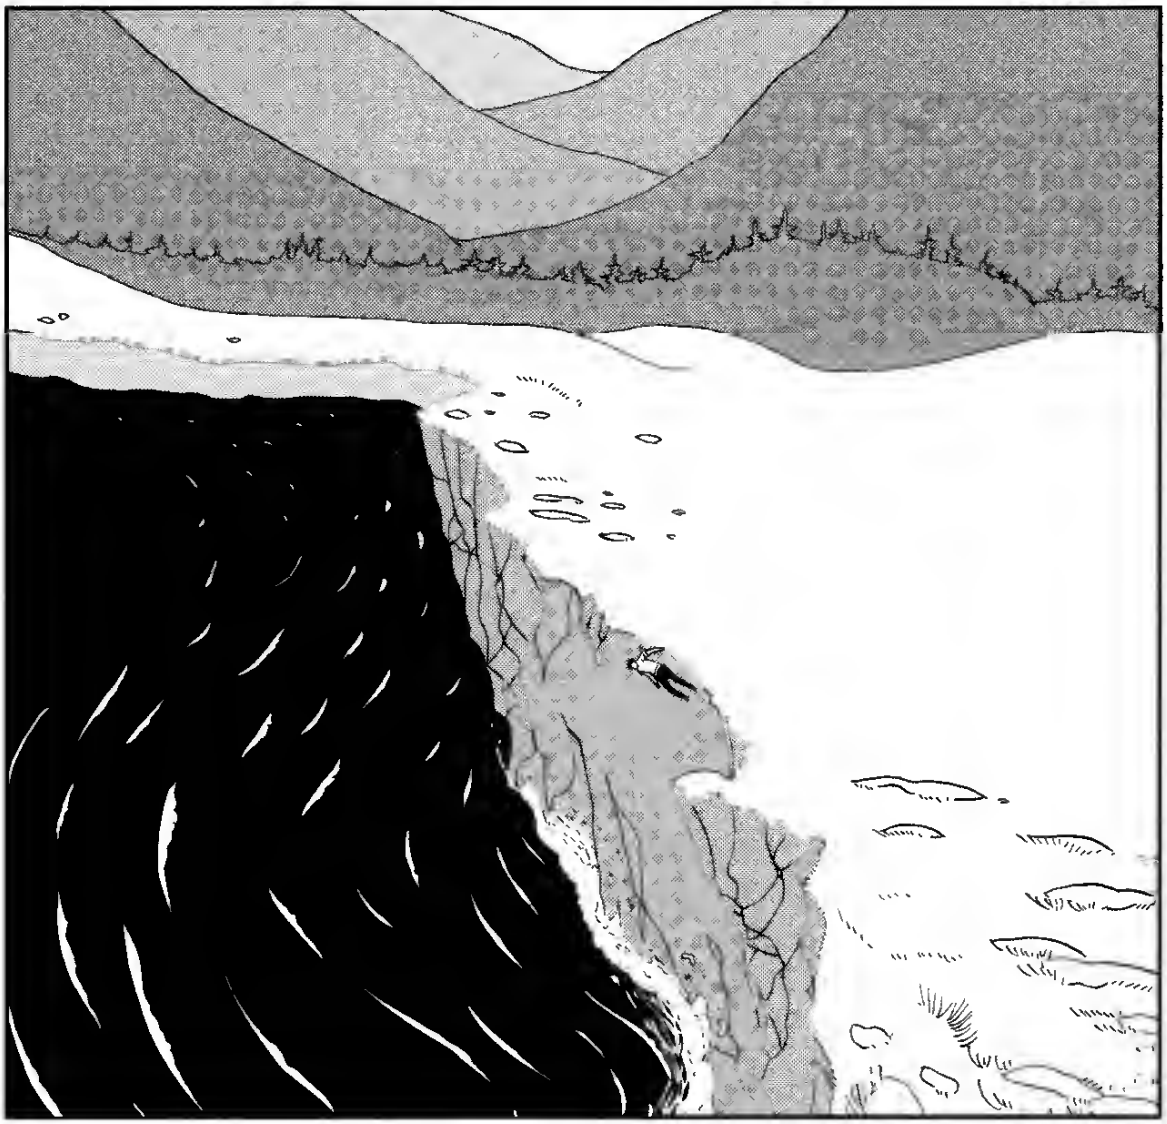


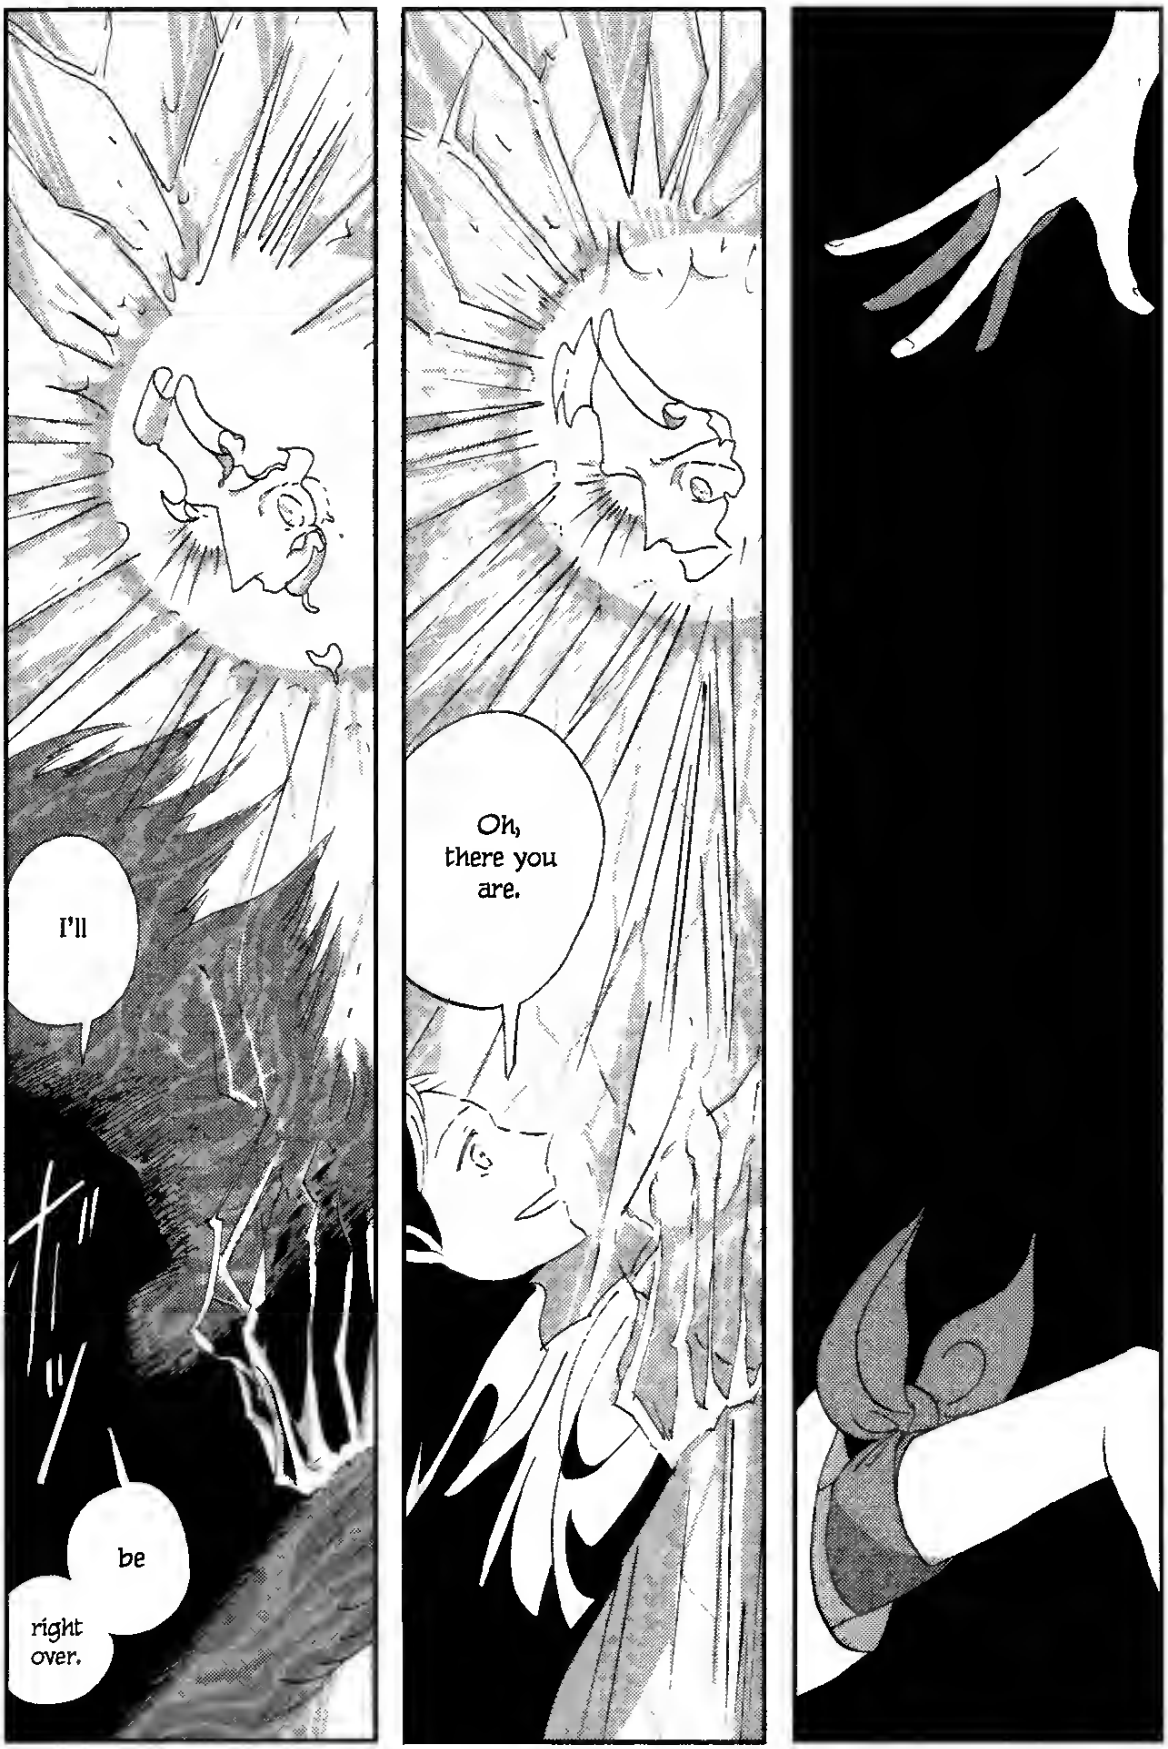
I guess,
he went to look on ahead.



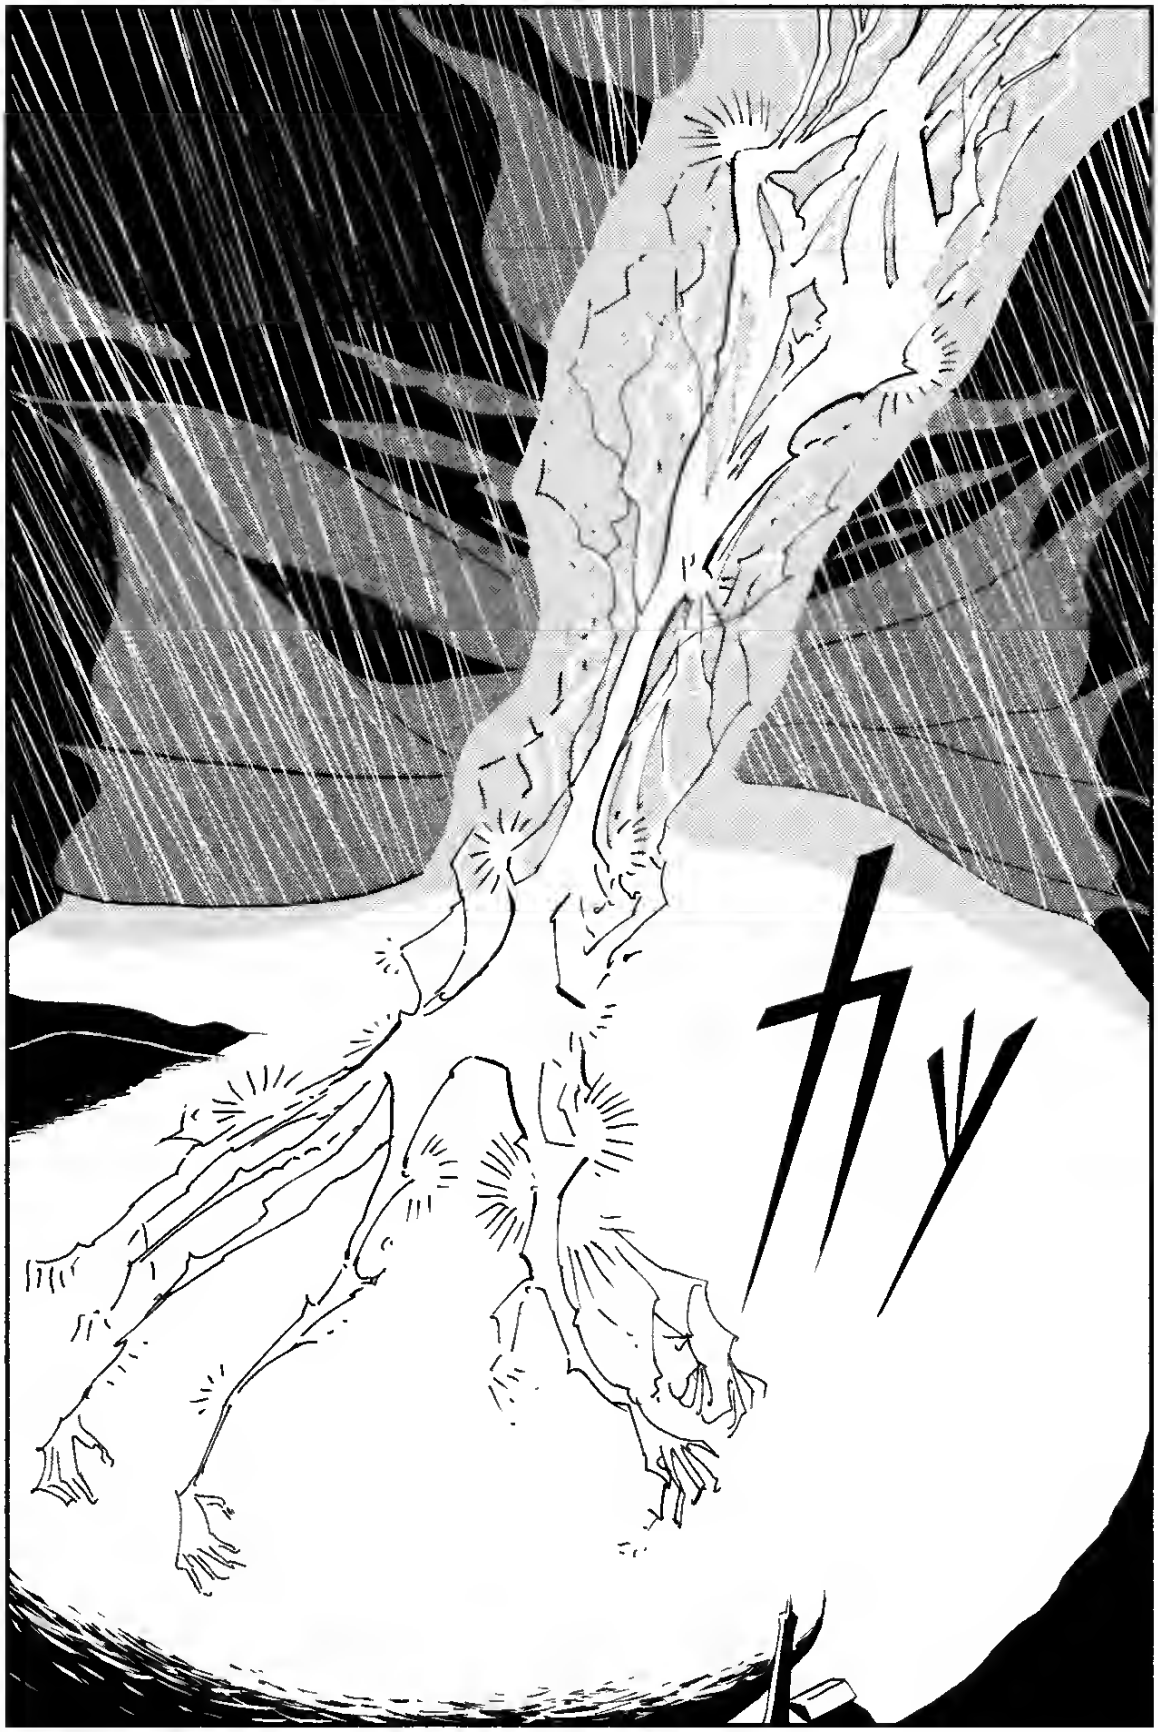
C'mon, don't scare me like that.
If you're going to go, you should

tell me.

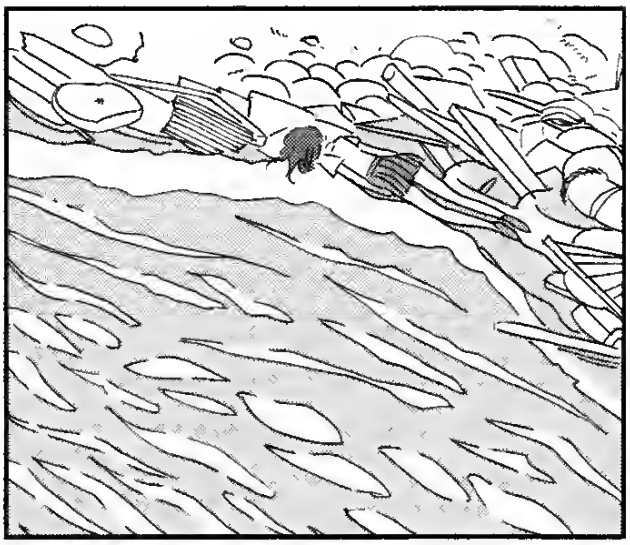


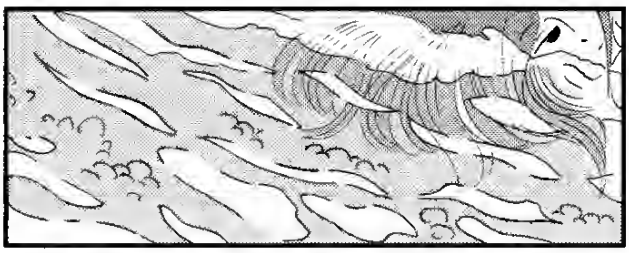


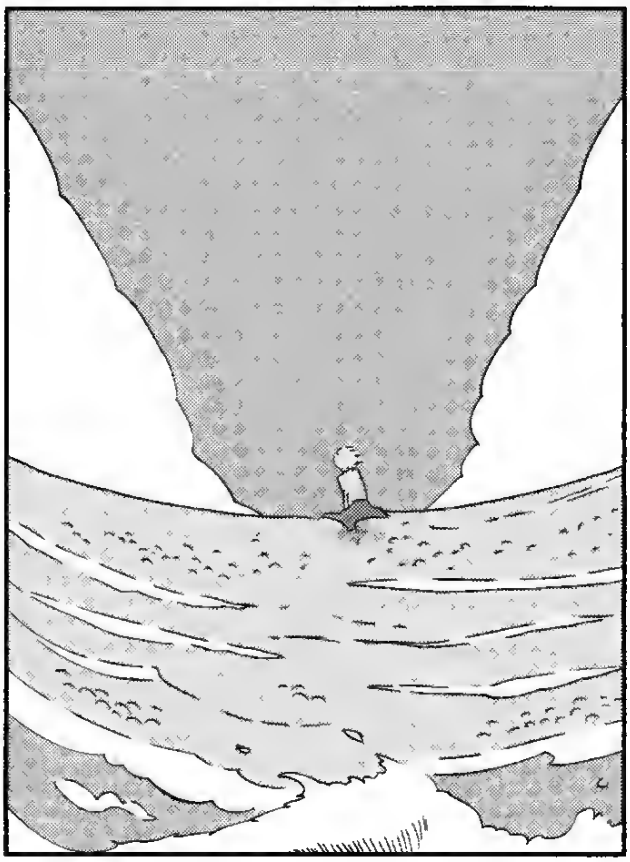
I'll be right over.
Oh, there you are.



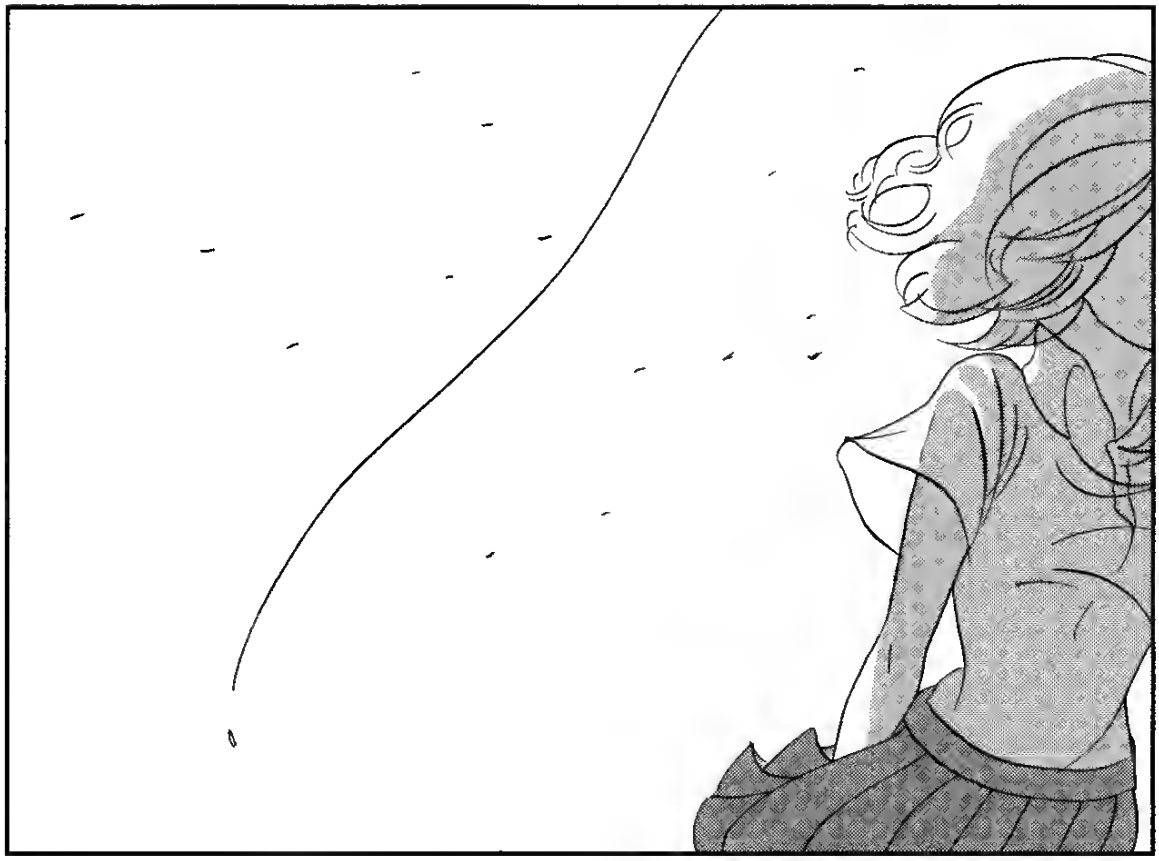
力

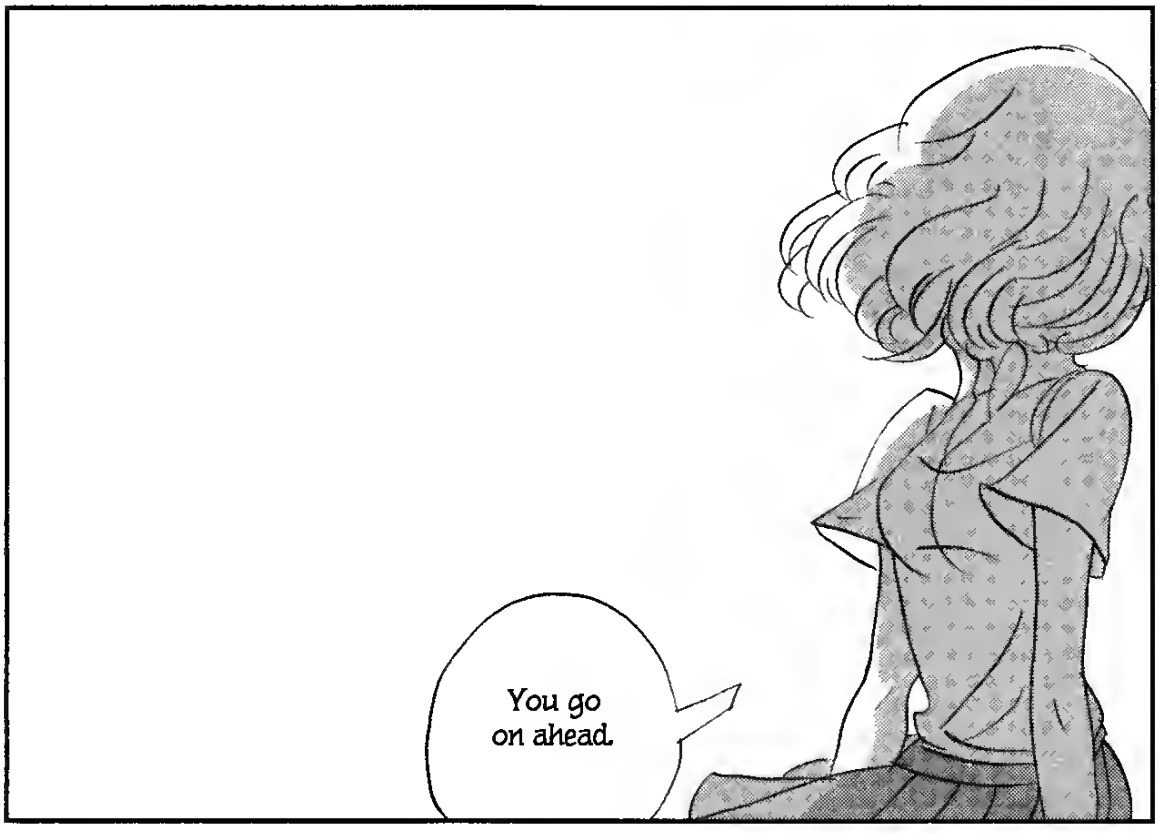




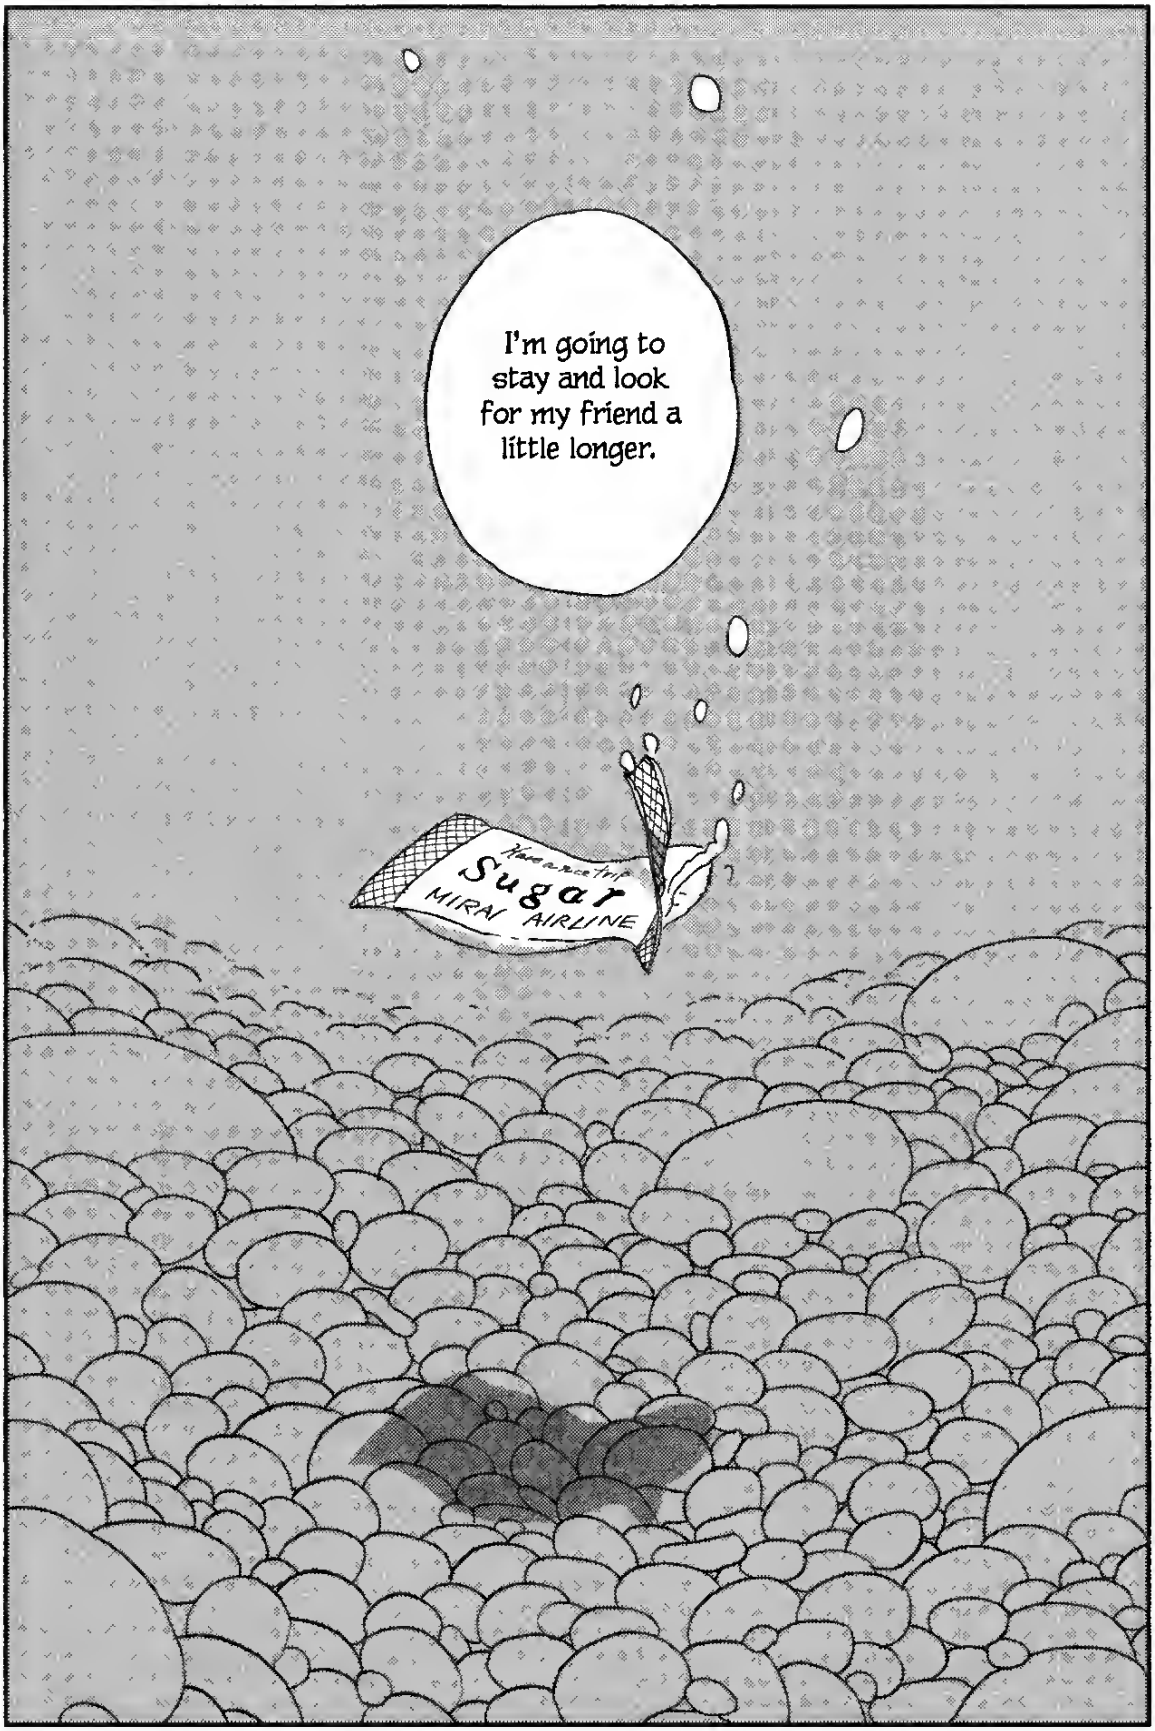


The ship sank because of the storm.
Good thing that lighthouse is so close.





You go
on ahead.



I'm going to stay and look for my friend a little longer.
Have a nice trip
